VOLUME VII.

PUBLISHED BY
R. L. POLK & CO.,
TRIBUNE BUILDING, DETROIT, MICH.

1886.

Entered according to Act of Congress, in the year 1886, by R. L. Polk & Co., in the Office of the
Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

The experiment of making two volumes, was tried last year when the sixth edition of the directory of the Saginaws was published, which did not, however, meet with approbation. It was, therefore, the intention of the publishers to return this year to first principles, and present the work in one volume, containing one general alphabetical list of the inhabitants of both cities, but when the agents explained that this was to be the course adopted, such a very general demur was made, especially by the folks in the city of Saginaw, that it was finally decided to give two distinct directories, one of each city, and for the sake of convenience to bind the two in the same cover, which has accordingly been done, and it is hoped to the satisfaction of all parties concerned.

This dual directory contains 665 pages, the first 447 being devoted to representing East Saginaw, while the balance directorially portrays the city of Saginaw. The total number of names registered for the city on the east shore of the river is 10,835, and for the county seat they number 5,565, giving a respective population according to the figures usually adopted by directory publishers (and which are based on carefully compiled statistics) of 32,505, and 16,695 or in sum total 49,200, for the twin cities of the Saginaw valley. The descriptive articles on pages 11 and 449 will supply any further information wanted as to the growth and progress of the Saginaws, and they will also bear witness to the very large amount of thrift, enterprise, push and business ability of its citizens who have in such a comparatively short time brought the cities to their present enviable position.

Of course the patrons of the work understand that had it not been for the support accorded by them, the publishers could not have produced the volume, and it is therefore scarcely necessary to assure them that sincere thanks are returned therefor.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oakaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequalled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employees of Rock Island trains protection, respectful courtesy and kindly attention.

For Tickets, Maps, Folders—obtainable at all principal Ticket Offices in the United States and Canada—or any desired information, address,

R. R. CABLE,
President and General Manager, Chicago.

E. ST. JOHN,
General Ticket and Passenger Agent, Chicago.

The Line selected by the U.S. Gov't
to carry the Fast Mail.

Burlington Route C.B. & Q.R.R.

The Only Through Line, with its own track, between

**CHICAGO,
PEORIA or *and* ST. LOUIS** **DENVER**

Either by way of Omaha, Pacific Junction, Atchison or
Kansas City. It traverses all of the six Great States,

**ILLINOIS, IOWA, MISSOURI,
NEBRASKA, KANSAS, COLORADO.**

With branch lines to their important cities and towns. It
runs every day in the year from one to three elegantly
equipped through trains over its own tracks, between

**Chicago and Denver,
Chicago and Omaha,
Chicago and Council Bluffs,
Chicago and St. Joseph,
Chicago and Atchison,
Chicago and Kansas City,
Chicago and Topeka,
Chicago and St. Paul,
Chicago and Sioux City,
Peoria and Council Bluffs,
Peoria and Kansas City,
St. Louis and Omaha,
St. Louis and St. Paul,
St. Louis and Rock Island,
Kansas City and Denver,
Kansas City and St. Paul,
Kansas City and Omaha,
Kansas City and Des Moines.**

At each of its several Eastern and Western termini it
connects in Grand Union Depots with Through Trains to
and from all points in the United States and Canada.

It is the Principal Line to and from

San Francisco, Portland and City of Mexico

For Tickets, Rates, General Information, etc., regarding
the Burlington Route, call on any Ticket Agent in the
United States or Canada, or address

Gen'l Manager, Gen'l Pass. Agent,
CHICAGO.

EAST SAGINAW.

The Publishers are indebted to the Fifth Annual Saginaw Board of Trade Report for the matter contained in this sketch.

THE City of East Saginaw is located on the east bank of the Saginaw River, fifteen miles from Saginaw Bay, and covers an area of 3,904 82-100 acres. It is opposite the City of Saginaw and Carrollton Village, and being connected with them by numerous bridges, the interests, welfare and prosperity of East Saginaw and Saginaw are considered substantially identical. Taken together as one city, they would have an aggregate population of 45,000, within a territory not to exceed four and one-half miles square. East Saginaw has a population, as shown by a census taken in 1885 under authority of the Common Council, of 30,329. In 1873 Geo. F. Lewis, in an Annual Review of the lumber and salt interests of the Saginaw Valley wrote as follows :

"The cities of the Valley are now the controlling trade centers of Northern Michigan, but to those who have studied the characteristics of our past career, and analyzed all the various elements, which even apart from the question of geological position giving force and rapidity to its progress, there are many indications of something more than this. Our growth has been so steady, and the agencies which cause it so powerful and permanent and so clearly identified with the forces that urge forward the development of that boundless region, stretching north and west of us, of which the Valley cities are the natural capital, that if we accept the past as an interpreter of the future, it mathematically demonstrates a conclusion that seems almost irresistible. We mean in other words, that if the future growth of the Valley cities in population, wealth and trade, during the next two decades, according to the same proportion that governed the past, continues, some one of the cities of the Valley will unquestionably become the greatest inland metropolis. If there had been anything ephemeral or desultory in our past career, anything of spasmodic progress which results from fluctuating and transitory causes, this idea might appear an irrational and fond conceit. But there is nothing of the kind."

That which was a prophecy in 1873, covering a little more than a single decade, has in 1885 become a substantial reality. East Saginaw is to-day the commercial and railroad center of all northern Michigan, and is connected with all the busy haunts of commerce inland by numerous railroad lines, and by steam and sail lines on the great "unsalted seas" of the American Continent. It is peopled with a busy and progressive populace who realize the natural advantages that surround them, and are turning them to profitable account. It has a frontage on the Saginaw River of about four and one-half miles, with extensive docks, and as a manufacturing center is making rapid progress. It is surrounded by a rich agricultural region, and the center of supplies for the small towns throughout Northern Michigan as well as the vast lumbering industries which have given the State a name and fame, and have added so largely to her material wealth. The city is supplied with all the advantages of modern civilization, having many miles of paved streets, Holly Water Works, reaching all sections of the city, and the total cost of which to date approximates half a million dollars; six railways, two lines of street railroads, steamboat lines connecting with all lake ports, an extensive and complete system of sewerage, gas and electric light companies, telephone and telegraph connection with all points in the State, elegant church edifices, twelve public school buildings, representing an investment of \$202,286.46; a number of private schools, one of the finest opera houses in the West, erected at a cost of \$70,000; as good hotels as the State affords, fire alarm, telegraph, free postal delivery, fire department, and a large number of important manufacturing and commercial establishments.

The progress of the city, while rapid, is not of an ephemeral character. When at some future time (in the near future, it is to be hoped), the two Saginaws shall be united under one municipal government, it will be second, and perhaps the first commercial city of the State.

The year under review so far as regards the trade and commerce of East Saginaw has been comparatively a monotonous one, and there are few features to describe. The year opened rather unfavorably, and the first few months were marked by general dullness in trade. Then came the labor troubles and the partial stoppage of the manufacturing industries which intensified the depression in business until the opening of September, when, with the renewal of manufactures business picked up, increased in volume, and was fairly satisfactory to the close. No large mercantile failures dot the record of the year. Business men may not have made large profits, but as a rule they have more than paid expenses,

and not a few have netted a fair sum as a reward of their exertions. The cloud which hovered over the commercial horizon at the beginning of the year has proved to have a silver lining. During the last four months of the year the tendency of prices has been rather to rise than to fall. In other words, the policy of buying no more than could be helped resulted in a reduction of the stocks in the hands of consumers to a minimum some months ago. They have since been buying at a rate equal to the current consumption, and not much more than that, if any. The consequence is a healthy trade, but one unmarked by the excitements of the times, which are mistakenly called "good," when folks buy more than they want, and thus lay the foundation for a succeeding depression.

In the building line, the season throughout was fairly active, the low prices of building materials stimulating this movement, and the results are fairly satisfactory. As the city grows in population and wealth, the tendency toward more substantial business buildings as well as a better class of private residences is marked. The figures in the following pages, showing the movement of trade, are gathered from official sources whenever possible, and by personal canvass among representative men in the different departments. It is believed they are as nearly accurate as can be obtained.

FINANCIAL.

The financial record of the year, as regards our banking interests, was fairly favorable considering the general characteristics of trade and commerce. There was no boom, and during the first eight months of the year, the banks held more money than they could find profitable use for, but there was a better call for funds during the last four months, incident to large pine land transactions and the requirements of the moving crops. The effects of the strike were but transitory, and a mere drop in the bucket in comparison with the year's business. Of course while the strike lasted there was a stagnation in business that caused a good deal of money to lie idle. Loans and discounts were low, there being no demand for money, while deposits went up, there being no heavy pay rolls and the circulation of cash being consequently limited. In all the banks these effects were felt more or less, but when the mills set to work again there was an increased impetus given to business, as though to make up for lost time. With our mercantile and industrial affairs in a healthy state of activity upon the gratifying basis of supply and demand, with a good line of deposits and a fair call for loanable capital, East Saginaw bankers are heartily to be congratulated upon the bright prospects which 1886 is holding out to them,

and much more favorable than was visible at the close of 1884. The statements of the respective banking institutions at the close of the year, as herein appended, make a healthy exhibit.

Following is a summary of the condition of the respective banks of this city at the close of business December 31, 1885:

	Capital stock.	Surplus fund.
First National.....	\$100,000	\$40,000
Second National.....	150,000	30,000
East Saginaw National.....	100,000
Home National.....	300,000	40,000
East Saginaw Savings Bank.....	50,000	15,000
Total.....	\$700,000	\$125,000

LOANS AND DISCOUNTS.

	1885.	1884.
First National.....	\$304,872 24	\$270,755 54
Second National.....	439,168 35	320,363 61
East Saginaw National.....	223,010 36	167,409 30
Home National.....	822,587 58	748,574 72
Savings Bank of East Saginaw.....	427,139 17	374,760 52
Total.....	\$2,216,777 70	\$1,881,863 69
Increase, 1885.....	334,914 01	
*Seligman's Bank of Commerce.....	325,782 72	

DEPOSITS.

	1885.	1884.
First National.....	\$213,753 37	\$184,740 92
Second National.....	291,396 17	174,541 14
East Saginaw National.....	175,157 25	113,839 87
Home National.....	922,263 14	855,020 18
Savings Bank of East Saginaw.....	543,744 73	445,061 93
Total.....	\$2,146,314 66	\$1,773,204 04
Increase, 1885.....	373,110 62	
*Seligman's Bank of Commerce.....	200,000 00	

The sworn statements of the National and other banks at Bay City as to their condition at the end of last year give the following figures, which will doubtless be of interest as a financial comparison between the two cities:

	Loans and Discounts.	Deposits.
Bay City National Bank.....	\$543,224 61	\$420,313 75
Second National Bank.....	712,474 78	533,644 33
Bay City Bank.....	561,996 64	536,905 42
Bay County Savings Bank.....	147,136 18	139,482 55
Total.....	\$1,963,832 21	\$1,680,346 05

COMPARATIVE 1885.

	Loans and Discounts.	Deposits.
East Saginaw Banks.....	\$2,216,777 70	\$2,146,314 66
Bay City Banks.....	1,963,832 21	1,680,346 05
East Saginaw excess.....	\$252,945 49	\$465,968 61

*Not sworn to.

If to the foregoing for East Saginaw is added the loans and discounts of Seligman's Bank of Commerce, \$325,782.72, we have a total of \$2,542,560.42, and to the deposits those of Seligman's Bank, \$200,000, we have a total of deposits for East Saginaw of \$2,346,314.66. It should also be borne in mind that West Bay City has but one banking concern, the great bulk of banking business there being transacted at Bay City banks, while Saginaw City has two National and one private banking concern, doing in the aggregate a business of over a million dollars in loans and discounts, with deposits of nearly the same magnitude:

CHURCH PROPERTY.

The city is well supplied with religious advantages, the church edifices, ranking with those of any city of the size of this in the country. The following statistics show approximately the value of church property :

First Presbyterian, brick	\$18,000
Methodist Episcopal, brick.....	50,000
German M. E., brick.....	11,000
First Baptist, brick.....	30,000
St. Paul's (Episcopal) burned.....	6,000
St. Mary's (Catholic), wood.....	19,000
St. Joseph's (Catholic), wood.....	12,000
Sacred Heart (Catholic), brick.....	15,000
Farwell Street, wood.....	8,000
St. John's Evangelical Lutheran, brick.....	40,000
St. Paul (German Lutheran), wood.....	10,000
First Congregational, brick.....	65,000
Unitarian, brick.....	25,000
Baptist (South Saginaw).....	6,000
Methodist, Hess Street.....	3,500
Presbyterian (South Saginaw), new.....	10,000
A. M. E. Church, wood.....	800
Zion Baptist (colored), wood.....	1,000
Total.....	\$330,300

St. Paul's Episcopal Church building was destroyed by fire.

PUBLIC AND PRIVATE SCHOOLS.

East Saginaw's public school system is characterized by a broad public spirit, and will compare favorably with that of any city in the United States. One of the improvements during the year past was the introduction of free text books. The Houghton School building was entirely remodeled at an expenditure of \$4,478.80, and extensive repairs were made to the Crary School building involving an outlay of \$1,961.96, an effective system of heating and ventilation having been introduced. The following statistics showing the growth of

the public schools of the city are submitted with pardonable pride :

YEAR.	Census.	Total Enrollment.	Salaries of Teachers.	Total Cost of Instruction.
1873.....	4,733	2,798	\$22,412 00
1874.....	4,966	3,276	26,815 00	\$36,981 12
1875.....	5,130	3,371	28,215 13	37,762 16
1876.....	5,155	3,278	27,347 00	36,668 88
1877.....	5,117	3,338	26,126 50	38,898 41
1878.....	5,093	3,259	26,790 13	36,504 60
1879.....	5,327	3,244	26,828 50	38,390 58
1880.....	5,885	3,259	26,829 93	36,263 34
1881.....	6,429	3,401	29,188 00	41,713 68
1882.....	7,040	3,473	30,925 50	58,174 87
1883.....	7,323	3,607	32,784 00	44,678 97
1884.....	7,665	3,840	34,870 00	49,093 83
1885.....	7,734	4,023	37,375 24	50,799 54

The names of the school buildings, location, accomodations, etc., are as follows :

SCHOOL.	Ward.	Built of	Rooms.	Sittings.	Estimated Value of Property.
Potter.....	First	Wood	8	336	\$ 5,737 59
Houghton.....	Second	Wood	8	399	7,309 37
Crary.....	Second	Brick	8	406	35,864 04
Germania.....	Third	Brick	9	447	26,368 45

Miscellaneous.....					7,231 84
Total.....			88	3,881	\$202,286 46

*Rented.

There are a number of flourishing private schools in the city, among them the St. Mary's Catholic, occupying a handsome brick structure on Hoyt street, the property value being about \$12,000; the Kindergarten, having accommodations at the Germania Institute and conducted under the auspices of the Germania Society; the St. Johannes' Evangelical Lutheran, occupying a substantial brick structure, valued with grounds at \$13,000, in the Third Ward; the School of the Sacred Heart (Catholic), and a school in connection with and supported by St. Joseph's Catholic Church in the First Ward.

PUBLIC LIBRARY.

Through the medium of the Public Library, a circulation of over 20,000 valuable and interesting works of science, art and fiction is had annually in the homes of the people of East Saginaw, and who can judge of the vast amount of good done by the perusal of these books, all of which were selected with a view to instruct and edify. The total number of volumes on the shelves of the library is 6,531, together with 700 pamphlets, and to these will shortly be added an additional 600 volumes, making the library complete in every respect. The number of patrons exceeds that of last year, when in the annual report of the Librarian it was shown that there were 1,124 names recorded on the books. It is expected that work on the new library, funds to endow and maintain which were bequeathed by the late Jesse Hoyt, will be commenced shortly, and a building that shall be a credit to the city and the pride of the citizens, will be erected.

RAILWAYS AND STREET RAILWAYS.

There is but one street car line proper in the city, the East Saginaw Street Railway, having a line four miles in length, from Third and Potter streets in the northern portion of the city to the southern city limits, running along Washington avenue, one of the principal thoroughfares of the city, and a branch extending on Brewster street, from Washington avenue to Welles street, a distance of a quarter of a mile. The equipment of the line is practically new, consisting of fifteen cars, and employment is given to twenty-five persons. The rapid growth of the city in an easterly direction from the river has already made the extension of street railway facilities in that direction an imperative necessity, and the expectations are that this improvement will not long be delayed. A line of Herdies was established during the past year, running from Washington avenue to Hoyt street.

The city is also connected with Saginaw City by a street railway, the business of which in October and November was interfered with by the closing of the Genesee avenue bridge. A new steel and iron bridge is one of the proposed improvements at this point the coming year.

The lines of railroad centering in East Saginaw are the Detroit, Saginaw & Bay City, and Saginaw and Mackinaw Divisions of the Michigan Central, the Flint & Pere Marquette, the Saginaw & St. Louis Division of the Detroit, Lansing & Northern, the Saginaw, Tuscola & Huron, and the Port Huron & Northwestern. The Detroit & Alpena Road also connects the city with Lake Huron shore towns. One or two projects for new roads to reach the city are being pushed, notably the Grand Rapids, Hastings & Saginaw, the consum-

mation of which is but a question of time. The extension of the Toledo, Ann Arbor & Northern from a point near Durand to this city is also projected. The people of East Saginaw and Saginaw City raised \$20,000 by subscription during the year for the purpose of securing the extension of the Saginaw, Tuscola & Huron Road, from its present terminus at Bayport to Bad Axe, Huron County, and the work is now in progress. It is expected that trains will run from East Saginaw to Bad Axe as early as July 4, 1886. This will open up to the trade of the city a rich territory, and prove a valuable feeder.

The year has been in the main an unprofitable one for railroads, but the last three months of the year exhibited a material improvement in the traffic. During the months of October, November and December, 1885, the aggregate earnings of the Flint & Pere Marquette Railroad were \$535,590.79. The aggregate earnings for the corresponding months of 1884 were \$518,025.14, showing an increase for 1885 of \$17,565.65. This is a gratifying exhibit and indicates a steady revival of business. The other roads also increased their traffic handsomely during the period named. Of the roads centering here, some substantial improvements were made within the corporation limits. The Flint & Pere Marquette extended their track in the southern portion of the city northerly to a point near Atwater street, and the unsightly bayou was filled up in a substantial manner. This road also made some improvements on the west side of the River, extending the track north from the Michigan Central, crossing a considerable distance in order to reach the mills and salt manufactories. The stone quarries at Bayport, opened under the auspices of the Saginaw, Tuscola & Huron Road, were materially developed during the year, furnishing a large amount of freight for that line, the products of the quarry coming to this city and to Flint.

STEAMBOAT LINES.

A line of fine steamers connects East Saginaw with Alpena and intermediate ports, consisting of the steamers Metropolis and Arundel, making daily trips during the season of navigation, and proving a great public convenience. During 1885 one or two propellers ran between East Saginaw, Detroit and Cleveland, carrying both freight and passengers. The River Steamboat Line is composed of the steamers Wellington R. Burt and L. G. Mason, representing an investment of \$35,000, and both boats owned and operated by Root & Midler, an East Saginaw firm. They make two and three trips each daily during the season of navigation between East Saginaw and Bay City, touching at the mills and other intermediate points, forming easy and rapid communication with suburban towns, and are liberally patronized.

TELEPHONE AND TELEGRAPH.

The telephone has become a public necessity, and the city is well supplied. The total number of connections with the central office in this city is 491, and the company has 258 miles of wire stretched in this city and in Saginaw City. During the year lines were constructed from this city to St. Louis, Ithaca and Alma, flourishing towns in Gratiot County, and a line was also constructed to Lansing via St. Charles, Chesaning and Owosso. Midland, Bay City, Flint, Detroit, and all important points in the State are now connected with East Saginaw by means of the telephone, and the business the past year has largely increased. The East Saginaw Exchange system is one of the most perfect of any in the State, as the Central Office is never closed, and is of vast convenience to the public night and day. In addition to the city system, the telephone is connected with the fire tug service, the latter established for the better protection of property along the river front during the season of navigation.

TELEGRAPH FACILITIES.

During 1885 the Western Union Telegraph office in East Saginaw received and checked to other offices a total business amounting to \$22,919.30. There was handled 199,625 messages, and these reduced to messages of 30 words each, amounts to 5,888,750 words, of which the newspapers received 1,448,083 words. The rates on commercial business have been materially reduced during the year. The office has twelve wires or circuits, extending in all directions, not only throughout Michigan, but to all points in the United States. The business has increased considerably during the year, and keeps pace with the general progress and growth of this section of the State.

During the year the Inter-State Telegraph Co. have stretched lines from Detroit to East Saginaw and other Valley towns, and will be ready for business early in 1886. The city is well supplied with telegraphic facilities.

THE CITY LIGHTING SYSTEM.

The Swift Electric Light Co. have made some very important improvements during the past year. The old plant was found inadequate to supply the fast increasing demand for light, and the company decided last spring to build a new plant throughout. A lot was purchased on the river front north of the free bridge, and work began last June. The work has been pushed as rapidly as possible, and to-day the citizens can well be proud of their electric light works. The building is of brick and stone, one story high, and large enough to meet all demands on the company for years to come. An

entirely new engine of 500 horse power, and a new battery of boilers of the most improved type have been purchased, which will enable them to have ample power, and furnish better lights than ever. The company intend to fully keep abreast of the times in having the latest and best improved systems of electric lighting in the market, and in 1886 will introduce the incandescent system to the people of this city. These lamps are peculiarly adapted for hotels, stores, counting rooms, etc., where a softer and steadier light is needed than the arc system, and no doubt will be much used. On January 1, 1886, the company were burning 100 arc lights in the streets, and had 145 private lights, making a total of 245 lamps. This is the largest number in the history of the company, and shows that electric lighting is rapidly gaining confidence with the public. The company expect to occupy their new quarters about February 1, 1886, and their new works when completed will cost about \$30,000.

The East Saginaw Gas Light Co. has extensive works midway between East Saginaw's business center and the southern limits. Large and commodious buildings, having dock and other privileges, were erected a few years ago at a large cost, and the quality of the gas produced, and the cost of consumption compare favorably with other cities. The company also find in the city and surrounding country a profitable market for the sale of coke. The plant of the company is valued at \$150,000. During the past year a large number of new meters were put in and 3,750 feet of new pipeage laid, making a total length in use at present of $13\frac{1}{2}$ miles. During 1885 considerable over 20,000,000 feet of gas was consumed, to produce which required the consumption of twenty-one hundred tons of coal. While keeping pace with the general growth of the city, it has been the object of the company to furnish gas as reasonable as possible, and since the establishment of the works in 1865 there has been a marked decrease in the price per thousand feet. Formerly the price paid by the consumer was \$4.00. In 1880 a reduction to \$3.00 was made, this price being maintained for the two succeeding years. In 1883 the price was reduced to \$3.00, \$2.50 and \$2.00, the discount being allowed on account of large consumption and prompt payment of bills; in 1884 a still further reduction to \$2.50, \$2.25 and \$2.00 was made, and last year the same rule still prevailing, the cost to the consumer was lessened to \$2.25, \$2.00 and \$1.90. Gas for heating and cooking is furnished at \$1.60 per thousand feet. A petition praying for an extension of the charter of the company has been filed with the Common Council, and, if granted, the company will still further improve the plant by the addition of new and

costly machinery, by the aid of which even better gas at less cost will be furnished.

INTERNAL REVENUE.

During the past year at the office of the Deputy Collector of Internal Revenue in this city the receipts were nearly \$100,000, this amount being divided by months, as follows:

January	\$ 3,545 02	August	\$6,619 96
February	3,361 47	September	6,288 89
March	4,651 87	October	6,038 70
April	18,475 57	November	5,158 72
May	22,363 84	December	5,221 12
June	8,433 65		
July	8,215 69	Total	98,374 50

POSTAL BUSINESS.

The statistics of the free postal service for the year ending June 30, 1884, show the number of pieces handled in Bay City to be 1,357,932, and the number in East Saginaw, 2,123,038, a difference in favor of East Saginaw of 765,106 pieces, or over one-third in excess of that of Bay City.

The East Saginaw Postoffice for the year ending June 30, 1885, had a net revenue of \$14,717.23, and handled 2,641,409 pieces of mail; the Bay City office had a net revenue of \$8,461.49, and handled 1,028,046 pieces of mail.

During 1885 the money order business at the East Saginaw office approximated \$100,000. The free postal service is provided with nine carriers. During the year the office was removed to the elegant new Quinnin Block, and in interior arrangements is one of the most convenient and comfortable postoffices in the State. An appropriation for a Government building is warranted by the business transacted and the growth of the city.

THE WATER SUPPLY.

Than East Saginaw, no city in the United States is provided with better facilities for extinguishing fires or providing an adequate supply of water for all purposes. In April, 1885, at a special election, \$70,000 was voted for the Board of Water Commissioners wherewith to provide an adequate auxilliary distributing main from the Water Works, so that there should be two large mains leading from the works to the business centre of the city, a distance of nearly three miles, each independent of the other, each capable of furnishing an adequate supply in case the other was disabled, and also by the aid of this auxilliary main to render the pumping capacity of the engines and smaller distributing mains more effective and more available in furnishing a higher pressure, and a more abundant supply for domestic purposes and fire protection; to

lay smaller distributing mains through such parts of the city as had been from the existence of the works without fire protection; and to furnish water for domestic purposes mainly (incidentally adding fire protection) to many citizens who greatly needed it to utilize their sewers, thereby adding much to the sanitary improvement of the city and to the comfort of the residents. For the purpose first named there was laid 20,821 feet of mains; for furnishing fire protection to those parts of the city hitherto unprovided 23,887 feet of mains were laid, and to furnish additional domestic supply there was laid 5,355 feet. The total length of water mains laid during the year was 50,063 feet or $9\frac{2}{5}\frac{5}{2}\frac{4}{8}\frac{3}{0}$ miles, but as 1,907 feet of 4, 6 and 8 inch pipe in three principal streets was replaced with larger pipe, the net addition to the city pipeage was $9\frac{2}{5}\frac{3}{2}\frac{6}{8}\frac{0}{0}$ miles, or about one-third, making the length of the water mains in the city $36\frac{2}{5}\frac{5}{2}\frac{9}{8}\frac{5}{0}$ miles, of which about one-fourth was laid during the year. The amount expended in pipe extension to Nov. 1st was \$79,808.80. There were two important points noticeable in connection with this work. One was the extraordinary cheapness of all material required for the work, thereby enabling the Water Board to provide with the means at their disposal a much larger amount of pipeage, and the other that the pipeage laid was very largely with no reference to present or prospective revenue, but to the rendering the city supply for all purposes the most effective.

The record of water pumped and coal consumed during the past year by months is annexed:

	Gallons pumped.	Coal con- sumed, lbs.		Gallons pumped.	Coal con- sumed, lbs.
January.....	72,809,339	218,702	August.....	65,911,476	214,939
February....	70,857,090	217,527	September...	62,700,165	206,264
March.....	71,529,325	223,202	October.....	63,486,443	211,544
April.....	56,670,624	192,722	November...	63,099,987	194,399
May.....	60,796,518	205,093	December...	67,076,712	216,732
June.....	59,340,574	213,990			
July.....	65,640,496	219,945	Total.....	732,918,749	2,535,059

THE SEWERAGE SYSTEM.

The sewerage system of the city, laid out many years ago in a wise and comprehensive manner, has been vastly improved from year to year as the growth of the city and increase of population demanded. The system, which now underlies the city like net-work, extends to nearly every portion. A carefully prepared plan is on record in the office of the register of deeds, and shows the dimensions and location of each sewer and connection in the limits of the city. There are about 25 miles of sewers in the city. The mortality reports to the State Board of Health show East Saginaw to be as healthy as any city in the country, and its system of

sewerage is an important factor in bringing about that desirable state of affairs. During the past year the system was extended and improved at a cost of about \$26,000. The detailed expense of constructing sewers during 1885 on the following named streets was as herewith given:

LATERAL PIPE SEWERS.

Street.	Size, inch.	Length, feet.	Cost.
Park.....	12	1,103	\$1,033 35
Chestnut.....	12 and 15	336	363 95
Brady.....	15	914	1,090 24
Fifth.....	12 and 15	907	1,062 77
Fifth.....	12 and 15	1,292	1,385 30
Third.....	12	1,098	1,086 50
Second.....	12	427	546 76
Second.....	12 and 15	832	838 48
Second.....	12	408	220 34
Second.....	12	688	488 18
Third.....	12	615	756 38
Total.....		8,620	\$8,872 25

MAIN BRICK SEWERS.

Street.	Dia., inch.	Length, feet.	Cost.
Maple.....	30 x 45	1,023	\$3,825 09
Farwell.....	25 x 37	925	2,282 83
Hess.....	64	2,816	11,567 03
Total.....		4,764	\$17,674 95

There was also built a number of extra catch basins for street drainage, and 1,298 feet of six-inch private sewer connections were built by the city.

MUNICIPAL MATTERS.

The progress in improvements during the year was fairly satisfactory, considering the general dullness of trade during the first eight months. As shown in the foregoing pages, improvements were made to school buildings to the amount of \$6,440.76; there was expended in extending the water works system, \$79,808.80; in sewerage extension, \$26,547.20, and in a fire alarm telegraph \$5,000. The tax levy on the city roll for 1885 amounted to \$235,208.68, against \$223,364.79 in 1884. The liquor tax amounted to \$45,000 in 1885, against \$54,000 in 1884, and during the past year paving bonds to the amount of \$16,000; sewer bonds amounting to \$24,000, and water bonds to the amount of \$70,000 were issued. The following bonds were paid and cancelled:

Eight per cent. water bonds.....	\$25,500
Five per cent. sewer bonds.....	4,000
Seven per cent. sewer bonds.....	4,000
Six per cent. Saginaw River improvement bonds.....	5,000
Six per cent. Watrousville Plank Road bonds.....	1,000
Five per cent. street improvement bonds.....	15,000
Six per cent. street improvement bonds.....	20,000
Total.....	\$74,500

Funds are on hand to meet the following maturing obligations:

Eight per cent. water bonds.....	\$30,000
Eight per cent. sewer bonds.....	6,000
Five per cent. sewer bonds.....	2,000
Total.....	\$38,000

The assessed valuation of real and personal property of the city during a series of years makes the following exhibit:

1879.....	\$7,539,000	1883.....	8,401,590
1880.....	7,526,600	1884.....	8,770,507
1881.....	7,691,655	1885.....	8,956,628
1882.....	8,045,290		

Receipts last fiscal year.....	\$398,890 24
Expenditures fiscal year....	437,038 11

The ordinary expenditures for the last fiscal year were:

General Fund.....	\$ 62,938 61	Fire Department.....	8,704 23
Highway Fund.....	31,477 87		
Sewer construction....	18,008 29	Total.....	\$131,373 05
Poor Fund.....	10,244 05		

The foregoing does not include the expenditures for water works and educational purposes.

The bonded debt is as follows:

Water bonds.....	\$444,500 00	General.....	97,050 00
Street improvem't bds.	111,000 10		
Sewer bonds.....	120,500 00	Total.....	\$773,050 10

The municipal matters of East Saginaw have been conducted with that spirit of broad liberality in public improvements that characterizes the people of the commercial metropolis of Northern Michigan, and at the same time with a due regard for economy. The credit of the city is first-class, its bonds commanding a premium in the markets, and its obligations are promptly and faithfully met.

STREET IMPROVEMENTS AND PAVING.

At the regular session of the Legislature in 1881, the city charter was so amended that to meet the expense of improving the streets of the city of an expensive nature, and placing the cost thereof on a cash basis, the Common Council could, by resolution, issue bonds of the city to be known as "Street Improvement Bonds," to the amount of \$25,000 in any one year, limiting the amount outstanding at any one time to \$75,000. At the special session in 1882, this limit was increased to \$50,000 in any one year, and amount outstanding at any one time at \$150,000, payable one-fifth annually.

For payment of these bonds and interest a special assessment is annually made upon the property adjoining the improvements for the period of five years, and the same placed in the city tax roll.

The pioneers of less than half a century ago, who in traversing this territory were compelled to follow a path beaten by the tread of the Indian and the beasts of the forest, would not now in passing along the smooth and cleanly thoroughfares of East Saginaw, recognize the same portion of country. The streets of the city are uniformly graded and in nearly every portion, even in the worst season of the year, are dry and free from mud. Cedar, of which the low lands in the northern part of the State furnish large quantities, has of late been utilized for paving, blocks six inches in length being laid on end on a carefully prepared bed, forming a smooth and unbroken surface. Eleven miles of the principal streets of East Saginaw are paved in this manner, the total cost of which work was nearly \$200,000, or \$18,000 per mile. During the past year five-sixths of a mile of paving was laid at a cost of \$16,000, and for the present year two and one-half miles, to cost nearly \$45,000, has been ordered. During 1885, also, \$40,000 was expended in the improvement of streets in other ways. The question of macademized roads is being discussed in East Saginaw, and a proposition to replace wood with stone as fast as the former shall give out is receiving serious consideration.

PROPERTY IMPROVEMENTS.

Though the building improvements of East Saginaw during 1885 were not conducted on an extensive scale, yet the year was marked by a steady growth and the investment of a large amount of capital in the erection of buildings both for business and private purposes. Among the most important may be mentioned Gebhart & Estabrook's planing mill, the Standard Lumber Co.'s planing mill, the Quinnin block, the Electric Light Works, the new Presbyterian Church on Washington avenue, Coleman's livery stable, the Economy block, Wickes Bros.' foundry, Wildman's boiler shop, Alic Birss' three story carriage factory, Little Jake city block, Racquet's brewery, the McLean block, the Dalke block, the Stolz block, the Sutton block, the residences of W. R. Burt, Ernest Feige, Geo. W. Hill, George B. Brooks, John A. Edget, Theo. S. Hill, L. C. Holden, J. W. Freeman, J. V. Russell and others, at an aggregated valuation of \$370,000, while the erection of smaller dwellings and shops, and the enlargement and improvements of old buildings swell this amount to about \$836,000.

MISCELLANEOUS MANUFACTURES.

The city is well represented in varied manufacturing industries, and with few exceptions the business of the year shows an increase as compared with 1884, and at the close of the year the situation was healthy and indicative of a steady

growth. The stagnation incident to the strike during mid-summer, and decline in values affected some industries unfavorably, yet it can be truthfully asserted that manufacturers held their own and had something to place on the credit side of the ledger when the books were closed for the year. The activity in the car lumber trade stimulated the extension of facilities in this direction, two new planing mills were erected and a number of sorting retail yards established.

The following statistics regarding the operations of planing mills and factories are submitted:

Gebhart & Estabrook (new) shipped 1,045 car loads of products, have 6,658,000 feet unassorted and 4,419,700 feet of assorted lumber in yard, employ 45 persons; average wages, \$1.45. The plant represents an approximate investment of \$15,000 in building and machinery.

A. Linton & Son shipped 575 car loads of products, have 1,200,000 feet of lumber in yard, invested in new machinery, sheds, etc., \$2,000; employ 43 persons; average daily wages per man, \$1.33 $\frac{1}{2}$.

Charles Lee shipped 61 car loads of planed lumber; has 2,500,000 feet of lumber in yard; employs 29 persons; average daily wages per man, \$1.96 $\frac{1}{2}$.

The Standard Lumber Co. shipped 350 cars of dressed lumber; employ 50 men and boys; average daily wages per man, \$1.25. The plant is entirely new, representing an investment approximating \$18,000.

W. A. Avery & Co. enlarged their mill and put in new machinery, involving an outlay of \$7,000. They shipped 350 car loads of dressed lumber, etc., have 4,200,000 feet of lumber in yard; employ 55 men; average daily wages per man, \$2.50.

O'Donnell, Spencer & Co. shipped during the year 10,000,000 feet of lumber products, 2,000,000 shingles and 2,000,000 lath. They have 6,000,000 feet of lumber in yard, employ 95 men and boys; average daily wages, \$1.40.

E. Germain & Co. shipped 876 car loads of manufactured products, made improvements in the way of enlarging mill to the extent of \$4,000; have 4,763,000 feet of lumber in yard, employ 96 men and boys; average daily wages, \$1.42.

John G. Owen shipped 491 car loads of manufactured products and handled 6,000,000 feet of lumber in local and city trade; erected new boiler house and put in three new 18 feet boilers, graded the yard, etc., and employs 78 men and boys; average daily wages, \$1.49.

Planing mill, estate of Jesse Hoyt (W. L. Webber, trustee), shipped 1,200 cars of products, have 18,000,000 feet of lumber in yard; employ 90 men; average daily wages, \$1.50.

Witham, Anderson & Co. shipped about 7,000,000 feet of manufactured products, and employ about 40 persons.

W. B. Mershon shipped 237 cars of boxes, using 4,266,000 feet of lumber; 556 cars dressed lumber, 8,164,000 feet, made improvements doubling capacity to extent of \$14,000; has 2,000,000 feet of lumber in yard; employs 73 men and boys; average daily wages, \$1.50 per man, \$1 per boy.

RECAPITULATION.

Products shipped, car lds	5,741	Shipped by rail, lumber	10,000,000
No. of employes.....	654	Shipped by rail, shingles	2,000,000
Lumber in yard.....	49,732,700	Shipped by rail, lath....	2,000,000
Lumber sold local trade	6,000,000		

The difference in rate of wages paid arises from some concerns giving employment to larger number of boys, arrangement of machinery and other causes.

There are a number of sorting and retail yards for the car trade, which handle large quantities of lumber, and are not connected with planing mills. The yards owned and operated by parties in this city are those of Hill & Caskey; Cross, Gordon & Randall; Judd & Cross; Osterhout & Fox Lumber Co., Saginaw Lumber & Salt Co., and W. H. Raiguel & Co. Hill & Caskey shipped 1,245 cars of lumber and have 5,000,000 in yard. The other establishments handle from 6,000,000 to 12,000,000 feet annually by rail. The Saginaw Lumber & Salt Co. shipped 6,000,000 feet by rail during the year. The total shipments will approximate 40,000,000 feet of lumber, and they have on hand approximately 30,000,000 feet.

IRON INDUSTRIES.

The machine shops and foundries of the city, including the extensive works of the Flint & Pere Marquette Railway, and boiler shops, numbering eleven, give employment to 600 men. A large volume of trade from these industries is distributed in the Saginaw Valley mills, and Northern Michigan, but in addition to this, a market for manufactures is found in the Eastern, Southern and Western States, the quality of the work produced attracting attention in the sections of country referred to. During the past year the business done showed a gratifying increase over 1884, the aggregate productions of the works approximating \$1,000,000. The principal manufacturers in this line are as follows, the aggregate capital invested approximating \$900,000:

	Men.
Wickes Bros., machine shop and foundry.....	65 to 90
A. F. Bartlett & Co., machine shop and foundry.....	65 to 90
Merrill & Bacon, machine shop and foundry.....	20 to 30
Mitts & Merrill, machine shop and foundry.....	20 to 30
Gray & Wildman, boiler works.....	25 to 30
Pioneer Boiler Works.....	10 to 12

Robert Wildman, boiler works.....	8 to 10
Koehler Bros., forging.....	7 to 10
Axe and Tool Factory.....	20 to 30
McClellan File Co....	10 to 12
F. & P. M. machine shops	200 to 250

The business of the boiler manufactories last year aggregated \$200,000.

OTHER INDUSTRIES.

The Mayflower mills is a brick structure 100x50 feet in size, and five stories high, with a stone foundation. It is a roller process mill, having twenty set of rollers and a manufacturing capacity of 450 barrels of flour daily. The institution represents an investment of \$90,000, and the mills commenced operations March 1st, 1883. A brick elevator having 70,000 bushels capacity is in connection. During 1885 these mills manufactured 49,356 barrels of flour, handled 253,883 bu. of wheat, sold 50,542 bbls. of flour, 854 tons of middlings, and 1,375 tons of bran. The business approximated \$500,000.

The Central mills, aside from custom work, manufactured 12,000 barrels of flour, purchased 60,000 bushels of wheat, and manufactured 600 tons of feed. These are also roller process mills, having all the modern conveniences. During the year one set of the farmer rolls were put in place of a run of stone.

There is but one leather manufacturing establishment in the city, that of F. W. Carlisle & Co., giving employment to 25 men. During the year new machinery to the extent of \$5,000 was put in. The product turned out amounted to 260,000 sides. Aside from the foregoing are a number of small manufactories which give employment to about 500 men and boys, the business of which concerns aggregate annually over \$250,000. The advantages possessed by the city for the successful prosecution of trade in general, extend to the manufacturing interests which year by year are becoming more numerous and proportionately larger. Cooper shops, cigar box, broom, soap and other factories on a small scale are distributed throughout the city and aid in swelling the amount paid out for labor and material and the consequent growth of population and welfare of the community. In the Power Block on Water street are located several industries including the McClellan File Co.'s works, Plumb & McCausland's spice mills, the Michigan Saw and Knife Works, O'Brien's toy factory, Eggert's furniture factory, the Jas. Stewart Co.'s feed mill, and Kries' machine shop, 200 men finding employment in the several works, and the manufactures amounting to \$150,000 yearly.

The printing and publishing business in East Saginaw is

carried on upon a scale commensurate with the growing importance of the city. There are published two morning and one afternoon English papers; also three weekly newspapers, three job printing establishments and four book binderies. About 150 people are employed and about \$50,000 is expended annually for labor. The year was fairly prosperous.

The manufacture of furniture gave employment to about 75 persons, and the business aggregates \$100,000.

There are three or four firms engaged in plumbing and gas fitting, and about thirty-five mechanics are employed.

The manufacture of cigars gave employment to about forty persons, and about 1,000,000 cigars were manufactured.

The manufacture of soaps and potash furnishes work for about thirty men, and large quantities of soaps and potash are produced. The value of the product will approximate \$25,000.

There are several carriage and wagon shops, etc., in the city, in the aggregate employing about 50 men and turning out a large amount of work. Blacksmithing and horse-shoeing is carried on in connection with nearly all of the establishments of this character.

The brewing business is carried on quite extensively. A large quantity of the beer consumed in this city is shipped in from Cincinnati, Toledo, Detroit and Milwaukee. About 50 men are given employment in manufacturing and handling this product to retail dealers.

The manufacture of harness and saddlery affords employment for about twenty persons, there being half a dozen establishments.

There is one omnibus and a number of hack lines, giving employment, in connection with the livery business, to about forty persons, and doing a business approximating \$30,000.

The total aggregate business of these industries during the year approximates \$8,000,000.

PUBLIC HOUSES, ETC.

The hospitality of East Saginaw is proverbial, and no traveler who enters its borders but has a desire, when he leaves, to return. The city is well provided with first-class hotels, accommodation being furnished at from \$4.00 to \$1.00 a day. The principal are the dining rooms of the Flint & Marquette Railroad Company, the Bancroft, Everett, Marshall, and Sherman Houses, while the Naegley, American, Holzheimer, Atlantic, Exchange, Turner, and numerous other hotels equal in accommodations to any of their class to be found in the State. The total investment of capital in hotels of the city is about \$650,000.

The Driving Park located in East Saginaw has for many

years been recognized as one of the best in the country, and the annual meetings of the association attract hither many of the most famous trotters and pacers in the United States. The reputation achieved years ago, when Goldsmith Maid and other horses made their best time on this piece of property, is still maintained.

The Academy of Music, erected in 1884, at a cost of \$70,000, is one of the finest theatrical building in the West, is liberally patronized, and has contributed no small share to the name and fame of the city.

PRODUCE AND PROVISIONS.

The grain and produce markets of the city have been generally dull during the year, with much smaller fluctuations in prices than usual, while the average has been a low one. Crops were good, and receipts by rail were of the usual volume. During the late fall months the wet weather and consequent bad roads restricted receipts by wagon. The city is the best market in the State for farm produce, and there has been a steady increase in the volume of business, although prices were, as stated, low and unsatisfactory.

The provision trade of the city has been likewise barren of incident during the year, with a low range of prices. Chicago governs this market, and receipts by rail are chiefly from that point, except in the item of dressed hogs, interior State points and the county furnishing the supply. About 6,000 barrels of beef and pork were packed here.

The activity in lumbering operations during the fall months stimulated trade, and the volume of business more than compensated for the dullness of the preceding eight months, this city being the basis of supplies for all Northern Michigan. The receipts of produce and provisions, with the average range of prices during the year, is appended:

PRODUCE AND GRAIN RECEIPTS.

Flour, manfct'd, bbls. 61,356	Apples, receipts, bbls.	15,000
“ rc'd by rail, “ 30,000	Hay, “ tons.	3,000
“ “ “ 91,356	Butter, “ “	350
Wheat, receipts, bu.	Wool, “ pounds.	250,000
Corn, “ “ 180,000	Hides, “ value.	\$75,000
Oats, “ “ 800,000	Petroleum, “ bbls.	10,000
Potatoes, “ “ 225,000		

No figures are ascertainable regarding the receipts of beans, seeds, poultry, eggs and other articles of produce during the year, but there was an increase in the volume of receipts of 10 per cent as compared with 1884.

Wool ranged in price from 17@28 cents; hay, \$9@16 per ton; butter, 11@25 cents per pound; cheese, 9@12 cents per pound; green apples, \$1.00@2.50 per barrel.

The receipts of provisions were:

	Cars.	Pounds.		Cars.	Pounds.
Pork	205	3,350,000	Lard oil.....	8	200,000
Dressed beef....	152	3,500,000	Beef, bbls.....	80	1,600,000
Smoked meats...	21	525,000	Sausages.....	10	200,000
Canned meats...	3	70,000			
Lard	50	1,250,000	Total	529	10,695,000

The following tabulated statement shows the monthly quotations of the chief articles of produce in the East Saginaw markets during 1885, with comparisons:

1884.

MERCANTILE TRADE.

The year was more satisfactory in all respects in the mercantile trade than the preceding one. With a very few exceptions, the firms engaged in the varied branches of trade have held their own, while many report a handsome increase over the business of 1884. The early months were unsatisfactory, and the strike affected some lines materially, but during the last four months the general activity more than made up for the preceding dull period. The merchants of the city are noted for their conservative tendencies, hence the absence of the shoals and quicksands in the trade of the city that have stranded so many business houses in other localities during the year. Of the future a very hopeful feeling is entertained. Country buyers are generally prompt in their payments and better times are expected. On the whole, there is a very general feeling of aggressiveness on the part of the mercantile dealers, and a determined effort is to be made to occupy to a still greater extent the entire field of Northern Michigan and enlarge the capacity. The opportunity to accomplish all that is desired in this direction is only limited by capacity and capital.

There has been no increase in the number of wholesale grocery and supply houses during the year, or in capital invested. The first eight months of the year were exceedingly dull, the volume of business being lower than the same period of 1884, which, to say the least, was about as bad as it could be, but the closing months of the year were characterized by exceptional activity incident to brisk operations in the woods and general revival in trade. There was a general shrinkage of values, equal to about 9 per cent. The city is the distributing point of a large area of territory, and also the base of supplies for the vast lumbering regions of Northern Michigan. Chicago and Muskegon lumbermen operating along the lines of the Flint & Pere Marquette and Mackinaw Division of the Michigan Central buy their supplies in East Saginaw, where lumbermen's goods are a specialty, and can be laid down in camp as cheap and to better advantage than they could be purchased at Detroit or Chicago, and a large saving in freight effected. Aside from this East Saginaw merchants by long experience have learned the class of goods that are required, and are thus enabled to fill orders for everything in the line of camp supplies that is needed. Lumbermen

at Bay City, Manistee, Muskegon and other points purchase large quantities of supplies here. The volume of the business, wholesale and retail, approximates \$3,000,000.

Less unsatisfactory than in 1884 is nearly the best that can be said for the dry goods business of last year. There was a further shrinkage in values, which averaged about 5 per cent. for the whole list, but it was so gradual as not to involve any considerable loss through depreciation in stocks. Still it was a burden all the less cheerfully borne, as it came on the heels of the 10@15 per cent. decline for 1883 and the correspondingly heavy drop of the next year. Excepting a few weeks in the fall, when trade displayed something like its old time activity, there was a notable absence of briskness. The tone of the business at the close was stronger and more confident. Collections have been generally satisfactory, and in the coming year efforts will be made to expand the business and the capacity to handle the increase will be enlarged. The volume of business reached \$800,000.

The trade in boots and shoes has been conservative in character, the business showing only a slight increase over last year. The outlook, however, is hopeful and promising. The business will approximate \$200,000.

Sales of clothing reached an aggregate of \$925,000. The year opened on a rather unsatisfactory state of affairs ; indeed there was very little encouragement until the season was more than half gone, and prices receded to a lower point than ever before known. They declined during the first six months fully 10 per cent. Before the summer season was passed, however, evidences of improvement began to manifest themselves. Ere the usual time for the opening of the fall trade orders began to arrive with a freedom that had not been witnessed since the autumn of 1882, while the volume of business accomplished during the remainder of the season certainly met the expectations of reasonable holders. This includes the hat and cap and furnishing trade.

In hardware lines, generally speaking, the tendency of prices has been downward. A reaction took place, however, late in the fall, and the future is more hopeful. The city is supplied with the largest establishment of the kind, with a single exception, in the United States, and hardware, particularly that class of goods used in lumbering operations, goes into all of the Northwestern States from this city, while shipments have been made to the Southern States as well as to foreign countries. The aggressiveness in this field is marked. The year's business aggregates \$1,500,000.

The city did a drug business amounting to \$300,000 during the year.

In milliners' and fancy goods, the volume of business reached \$100,000, and the remarks in reference to dry goods apply equally to this department.

The liquor and cigar trade aggregated \$1,000,000, and the year was a moderately prosperous one as compared with 1885.

The city is the largest horse market in the State outside of Detroit. About 2,500 animals were disposed of.

This point is yearly assuming more importance as a live stock market, and 1885 makes a creditable showing in this respect. The receipts amounted to 4,600 head of cattle, 8,500 sheep, and 16,000 hogs.

Other branches of business are thus summarized:

Furniture sales.....	\$ 200,000	Brick, stone, etc.....	\$ 100,000
Coal, tons, 17,000.....	90,000	Paper, stationery, etc....	50,000
Meats.....	250,000	Miscellaneous mdse....	500,000
Hides, leather, etc.....	250,000		
Jewelry.....	150,000	Grand Total.....	\$9,025,000

EAST SAGINAW DIRECTORY

1886.

MISCELLANEOUS INFORMATION.

STREETS AND AVENUES.

- Annesly, from Genesee ave east to city limits, six south of Janes.
- Astor, from Saginaw river east to Second, and from Sixth east to city limits, sixth north of Genesee ave.
- Atwater, from Water southeast and east to Genesee ave, tenth south of German.
- Bates, from Hoyt south to Fair Grounds, second east of Jefferson.
- Bay, from Bay City State road west.
- Birch, from S Washington ave east to Wilkin, second south of E S & St C R R.
- Bradley, from Saginaw River east to East, fifth south of Hess.
- Brady, from Water southeast to Maple, ninth south of Genesee ave.
- Brewster, from Water southeast to Cedar, thence east to city limits, thirteenth south of Genesee ave.
- Bristol, open from Washington ave west to river, and from Lynn east to Jefferson, twelve south of Genesee ave.
- Bundy, from Gilmore south to near city limits, first west of Washington ave.
- Campbell, from Jefferson east to Maple, first south of Brewster.
- Carroll, from Water east to city limits, fourth north of Genesee ave.

- Cass, from Fitzhugh south to Brewster, second east from Washington ave.
- Cedar, from Brewster south to Fair Grounds, fourth east of Jefferson.
- Center, from Saginaw river east to Junction of Mackinaw and Washington ave.
- Charles, from Water east to Jefferson, first north of Hess.
- Cherry, from Hoyt northeast to Sixth, thence east to city limits, second south of James on Genesee ave.
- Chestnut, from Hoyt northeast to Fifth, third south of Janes on Genesee ave, and from Thirteenth to Fourteenth.
- Cornelia, from Martha south to Brewster, first east of Maple.
- Creswell, from Mackinaw east to Washington ave.
- Curtis, from Webber south to Saginaw, first west of Washington ave.
- Custer, from Hess south to Gilmore.
- Douglass, from Rust south, third east of Saginaw river.
- DuPont, from Webber north two blocks, fourth east of Washington ave.
- Dwight, east from Sixth to Eighth, fifth north of F & P M R R track.
- East, from Main south to city limits, second east of Washington ave at Main.
- Eaton, from King east to Jefferson, third south of Webber.
- Eighth, from Wadsworth north to Washington ave, twelfth east of Water.
- Eleventh, from Hartsuff north to Astor, sixteenth east of Water.
- Elizabeth, from Webber south to Saginaw, first west of Jefferson.
- Elm, from Bates southeast to Webster, second south of Hoyt.
- Emerson, from Saginaw river southeast to Park, seventh south of Genesee ave.
- Emily, from Hoyt south to Atwater, first west of Genesee ave.
- Farwell, from First northeast to Fifth, thence east to city limits.
- Fifteenth, from Lapeer north, twentieth east of Water.
- Fifth, from Janes north to North Water and southeast to Walnut, eleventh east of Water.
- First, from Sears northwest to Saginaw River, thence north east to city limits, crosses Washington ave second north of F & P M R R depot.
- Fitzhugh, from Water east to city limits, third north of Genesee ave.
- Fourteenth, from Hartsuff opposite city hospital north to Astor, nineteenth east of Water.
- Fourth, from Janes north to North Water, and southeast to Wheeler, tenth east of Water.

- Fox, from Nimons south to Bradley, first east of Bundy.
Franklin, from Sears south to Brewster, third east of Saginaw river.
Fraser, from Saginaw east to Jefferson, second south of Hess.
Freedom, north and south, east of city limits.
Gage, from Webster east to Genesee ave, first north of Atwater.
Gallagher, from Washington ave east to Jefferson, seventh south of Webber.
Genesee Avenue, from Saginaw river at Genesee ave bridge east to Jefferson, thence southeast to city limits.
German, from Water east to Eleventh, first south of Genesee ave.
Gilmore, from Douglass east to East, second south of Hess.
Graham, from Sidney south to Webber, first east of Washington ave.
Grant, from Main south to Bradley, second east of Douglass.
Hartsuff, from Genesee ave east to city limits, second north of Brewster.
Hayden, from Water east to Warren, third south of Genesee ave.
Hess, from Saginaw river east to Maple, tenth south of Webber.
High, from Brewster opposite Brady Hill Cemetery north, first west of Jefferson.
Hiland, from Thatcher east to Jefferson, second south of Webber.
Hoyt, from Water southeast to Genesee ave, fifth south of German.
Janes, from junction of Genesee ave and William east to city limits, second south of Lapeer.
Jay, from Lane south to city limits, first east of Saginaw river.
Jefferson, from Potter south to near city limits, third east of Washington ave on Genesee ave.
Johnson, from Saginaw river east to city limits, second north of Genesee ave.
Julius, from Webber south to Saginaw, third west of Jefferson.
King, from Webber south to Bradley, second east of Saginaw river.
Kirk, from First east to Eighth, second north of F & P M R R depot.
Lamson, from Thatcher east to Jefferson ave.
Lane, from Saginaw river east to Douglass, first south of water works.
Lapeer, from Genesee ave at Jefferson east to city limits.

- Linton, from Saginaw river east to Washington ave, second south of Webber.
- Little, from Hess south, fourth east of Saginaw river.
- Lynn, from Brewster opposite Brady Hill Cemetery north, near foot of Cass.
- Lytle, from Sidney south to Main, second east of Washington ave.
- McCoskry, from Water southeast to Maple, thence east to Webster, tenth south of Genesee ave.
- Mackinaw, from Mackinaw street bridge southeast to Washington ave.
- Main, from King east to Lytle, first south of Hess.
- Maple, from Millard south to Webber, first east of Jefferson.
- Marion, from Webber south to Saginaw, second west of Jefferson.
- Martha, from Maple east to Webster, third south of Hoyt on Maple.
- Martindale, from Morris south to Main.
- Mason, from Water east to Maple, eighth south of Genesee ave.
- Merrill, from Webster east to Emily, second south of Hoyt on Webster.
- Millard, from Water east to Maple, thence northeast to Genesee ave, fourth south of Genesee ave on Water.
- Miller, from Saginaw river east to city limits, fifth north of Genesee ave.
- Morris, from Washington ave east to Jefferson, fifth south of Webber.
- Morse, from Jefferson east to Maple, second south of Brewster.
- Mott, from Webster east to Genesee ave, third south of Hoyt on Webster.
- Myrtle, between Sixth and Eighth, one south of Washington ave.
- Newton, from Webber south to Saginaw, second west of Washington ave.
- Nimons, from Douglas east to Washington ave, third south of Hess.
- Ninth, from Perkins north to Washington ave, fourteenth east of Water.
- Norman, from Second east to city limits, third north of F & P M R R depot.
- North Water, from First northeast to Fifth, fifth north of F & P M R R depot.
- Park, from junction of Johnson and Second southerly to Atwater, third east of Jefferson.
- Perkins, from Fourth east to city limits, fifth south of Janes.

- Phelon, open from Jefferson east to Bates and from Maple east to Ward, first south of Atwater.
- Pine, from Brady south to Atwater and from Brewster south to Fair Grounds, third east of Jefferson.
- Potter, from Water east to Third, south of F & P M R R depot.
- Randolph, from Washington ave east to Jefferson, sixth south of Webber.
- Remington, from Jefferson east to Bates and from Maple east to Ward, first north of Brewster.
- Rust, from German west to Bay City State road.
- Saginaw, from Saginaw river east to Washington ave, thence southeast to city limits.
- Schaeffer, from Hermansau road to Oak, third west of Carrollton road.
- Sears, from Washington ave east to Eighth, first north of F & P M R R depot.
- Second, from Genesee ave north to North Water, seventh east of Washington ave.
- Seventh, from Cherry north to Norman and from Walnut south to Fourth, thirteenth east of water.
- Sherman, from Saginaw river east to Jefferson, first south of Webber.
- Sidney, from South Washington ave east to Jefferson, first south of E S & St C R R.
- Sigel, from Wilkins east two blocks, first north of Webber.
- Sixth, from Cherry north to Washington ave, twelfth east of Water.
- Spruce, from Brewster south to Fair Grounds, fifth east of Jefferson.
- Tenth, from Annesly north to Astor, fifteenth east of Water.
- Thatcher, from Webber south to Hess, fourth west of Jefferson.
- Thayer, from Eaton south to Main, second east of Washington ave.
- Third, from Janes north to North Water, ninth east of Water.
- Thirteenth, from Wheeler north to Astor, eighteenth east of Water.
- Thompson, from Saginaw river southeast to Maple, thence northeast to Fifth, fifth south of Genesee ave on Water.
- Thurber, from Saginaw east to Jefferson, first south of Hess.
- Tuscola, from Water east, first north of Genesee ave.
- Twelfth, from Wheeler north to Astor, seventeenth east of Water.
- Van Etten, from Webber south to Hess, fifth west of Jefferson.

- Wadsworth, from Sixth east to city limits, fourth north of Lapeer.
- Walnut, from Hoyt northeast to Fourth and east to city limits, fourth south of Janes on Genesee ave.
- Ward, from Martha south to Brewster, third east of Maple.
- Warren, from Potter, opposite F & P M R R depot, south and southeast to Hoyt, thence south to Webber, first east of Jefferson.
- Washington ave, from north to south city limits, second east of Saginaw river.
- Water, from Potter south to Brewster, from Rust south to Centre, and from Nimons south to Bradley, first east of Saginaw river.
- Watrousville Plank Road, continuation of Wadsworth, east.
- Webber, from Saginaw river east to city limits, third south of E S & St C R R.
- Webster, from Carroll southerly to Atwater, second east of Jefferson.
- Welles, from Thompson south to E S & St C R R, first east of Jefferson.
- Wheeler, from Genesee ave east to city limits, first north of Brewster.
- Wilkins, from Sidney south to Hess, third east of Washington ave.

**THE EAST SAGINAW
Detective Agency,**

131½ SOUTH WASHINGTON AVENUE,

MAKES THE DETECTION OF CRIME A SPECIALTY.

We work on private terms and rewards when offered by state, county or municipal authority. We look up, investigate, and procure evidence for parties at suits of law and criminal cases. We investigate the habits and associates of dishonest or suspected employees, and do all other business requiring the scrutiny and aid of experienced officers and detectives.

Detective Business in all its branches attended to.

Communications with this agency will be regarded as strictly confidential.

AND ALL POINTS IN THE

West, North and Northwest.

ITS 6000 MILES of ROAD Penetrates the RICHEST and BEST portions of SEVEN GREAT STATES and TERRITORIES, and with its main branch and connecting lines it affords the most ample facilities for reaching all points of interest in the Far West and Northwest.

TO PASSENGERS It offers the superior advantages of a first-class track and road bed; close connections in Union Depots with trains of branch and connecting lines. Palace Sleeping Cars, Palatial Dining Cars and a general train service and equipment that is unequaled.

TO FREIGHT SHIPPERS It affords most complete and perfect arrangements for the transmission of goods and stock. Ample Depot and Dockage facilities, Track Connections with every Railroad entering Chicago. Car Load Freight through without transfer, and all possible facilities for SPEED and SAFETY.

PATRONIZE THE NORTHWESTERN.

It is the ONLY ROUTE to the BLACK HILLS, and the Original California Fast Freight Line, equipped with Air Brake Cars and all facilities for quick handling of Pacific Coast Freight.

ACATION is a cessation of work, and a diversion of the mind into new and pleasant channels.

While it may seem like idleness to loll around at the seashore, the country farm or among the mountains, it is a repairing and oiling of the machinery, necessary to the better accomplishment of work.

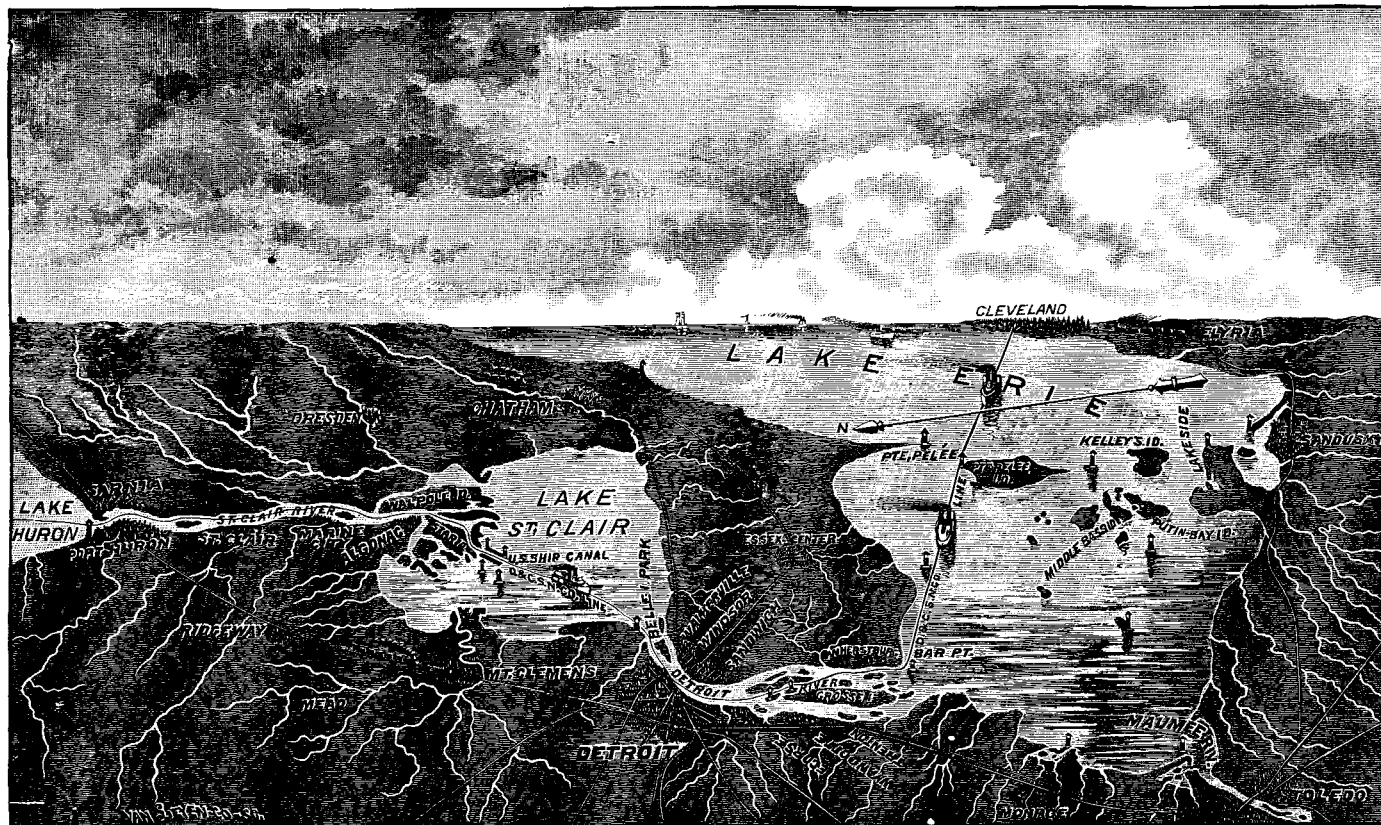

If you can find rest and recreation during the sultry months, you gain thereby. A water trip best quiets the nerves, diverts the mind. We leave carping cares as soon as

rests the body and afloat, we cut loose and drift away from worries and anxieties of office, study, workshop and household, are interested in the changing scenes and in the enjoyment of solid comfort, float lazily and dream. We revel in the freedom, the dolce far niente, the pure, bracing air, the beauties of sky and sea, watch with fascination the leaping spray at the steamer's bow, fall to noting the ever-changing billows, and enter into projects for amusement started by others, or, originate them ourselves with the zest of a child.

On board a steamer we live a new, novel and fresh life, such as is never experienced on land. To those who enjoy great Nature's work, we would say:

Mackinac Island is among the grandest and most romantic of spots. Visitors are voluble with story and legend of every bold cliff and cave and fallen rock around the island, and many a pencil, brush and camera are brought to bear on the wonders found. Every section of the country sends visitors annually. The invalid is attracted by the wonderful purity of the atmosphere, the climate being noted as a sanitarium for hay fever and bronchial affections. Great numbers visit this region to escape from or get relief of these maladies; many experience an improvement on entering Lake Huron. No other resort possesses such entertaining features. The surrounding country offers endless attractions to the adventurous. Gamey fish lurk in all the inland lakes and rivers with which the State of Michigan abounds. Its forests are the hiding places of furred and feathered creatures, which afford fine sport.

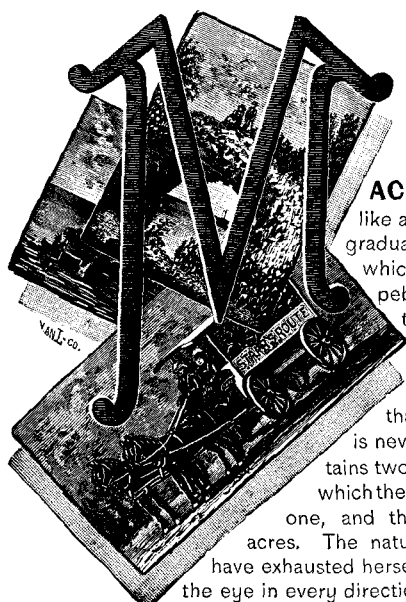

Mackinac Island is reached by the Detroit and Cleveland Steam Navigation Company, by the pleasant lake route, with a splendid line of palatial iron steamers, the largest, swiftest and most luxurious on fresh water, forming the only comfortable route to this island resort. These floating palaces were recently built especially for the summer tourists' travel. The forward and after saloons, in mahogany and walnut respectively, are magnificently appointed and tastefully decorated, and their elegant rooms and parlors are replete with modern improvements. The lower saloons are devoted to dining halls, which entirely separate the culinary departments from the main saloons, a desirable feature only possible on these large side-wheel steamers. Their bill of fare, which is equal to that of any first-class hotel, includes all the luxuries of the season, and the price charged barely meets the outlay. Berths are in rooms, an upper, single width, and a lower, double width, in each, are furnished with wire and hair mattresses and Pullman blankets. These steamers have water tight compartments, and their feathering paddles give unusual speed, without jar or noise. This water trip cannot be excelled anywhere, and the round trip affords a daylight view of all the route. No more comfortable place can be found outside of one's own home in which to spend the sultry days, than on board these splendidly appointed steamers. The changing scenes and fresh, bracing air, will benefit many who vainly seek relief at physicians' hands, and physicians urgently recommend this particular trip.

Map Lake Erie.

You will make no mistake if you go a little out of your way in order to reach

MACKINAC ISLAND, the rock girt, fairy isle, sitting like an emerald gem in the clear, pellucid wave, rises gradually and majestically from the crystal waters, which cover but cannot conceal the glistening, white pebbly depths beneath. It is the central point of the three great lakes. It knows no land breeze, hence the winds are always cool and refreshing, and seem incessantly tossing balls at each other. They no sooner cease blowing from Lake Michigan than they come from Lake Huron, and Lake Superior is never behind in the contest. Mackinac Island contains two thousand two hundred and twenty-one acres, of which the national park comprises eight hundred and twenty-one, and the military reservation one hundred and three acres. The natural scenery is unsurpassed. Nature seems to have exhausted herself in the manifold objects of interest which meet the eye in every direction. The lover of Mother Earth will hardly grow weary of wandering through its shaded glens, and climbing over its rugged rocks, each day bringing to light some new object of beauty and interest. Longfellow, in his poem of "Hiawatha" has put into English verse some of its wild Indian legends, which people every rock and glen with spectral habitants. Hiawatha is the Mena-bosho of the Algonquins, and the Island of Mackinac was considered his birthplace.

If the poetic muses are ever to have a new Parnassus in America, they should certainly fix on Mackinac Island. Hygeia, too, should place her temple here, for it is one of the purest, dryest, clearest and most healthful of atmospheres. The Island shows unmistakable evidence of the water having once been two hundred and fifty feet above its present line. It is a mooted question whether the lake has fallen from its original level, or the island has, from some cause, been lifted up. Springs of water, clear and cold, may be found at the base of the high cliffs, and scattered through other localities.

Mackinac village is a perfect curiosity in itself. Situated at the foot of the bluff, upon the brow of which stands the fort, it extends for a distance of a mile along the beach. The buildings are a mixture of the modern and antique, some of which were brought from Old Mackinaw when the town and fort were removed from that point after the massacre of June 4, 1763. Many of the fences are of the original palisade style.

Schoolcraft, who visited it in 1820, says: "Nothing can exceed the beauty of this island." It is a mass of calcareous rock, rising from the bed of Lake Huron, and reaching a height of more than three hundred feet above the water. Some of its cliffs shoot up perpendicularly, and tower in pinnacles like half ruined gothic steeples. It is cavernous in some places, and in these caverns the ancient Indians were wont to place their dead. Portions of the beach are level, and well adapted to landing from boats. The harbor at the south and is a little gem. In it, vessels can anchor and be sure of a holding, and around it, the little old fashioned French town nestles in primitive style, while above frowns the fort, its white walls gleaming in the sun. The whole area of the island is one labyrinth of curious glens and valleys. Old fields appear in spots which were formerly cultivated by Indians. In some of them are circles of gathered stones, as if the Druids themselves had dwelt there. The soil, though rough, is fertile. The Island was formerly covered with a dense growth of rock maple, oak, iron wood, etc., and there are still parts of this ancient forest left, but all the southern limits exhibit a young growth. There are walks and winding paths of the most romantic character among its hills and precipices. From the eminences overlooking the lake can be seen magnificent views of almost illimitable extent.

The Palatial Steamers belonging to the Detroit & Cleveland Steam Navigation Co

Commercial Travelers can for once avoid the hot, dusty, noisy rail car, and avail

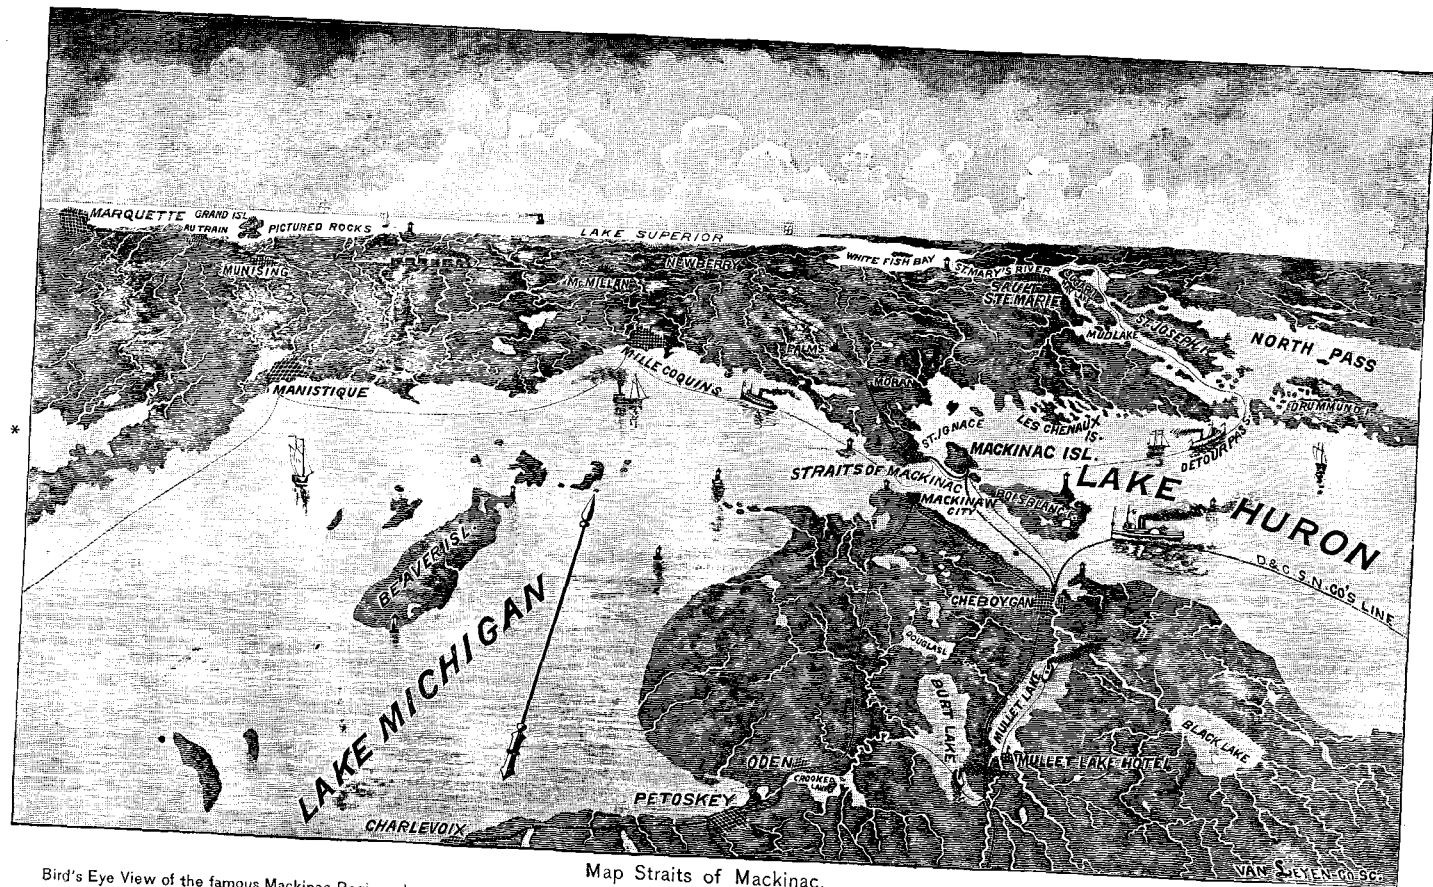

The late Dr. Drake says: "The island is the last, and, of the whole, the most important summer resort to which we can direct the attention of the infirm or the fashionable. The living streams of pure water, cooled down to the temperature of 44°, gush from the lime rock precipices, and an atmosphere never sultry or malarious, supersedes all necessity for nauseating iron, sulphur and epsom salts. As a health resort it is unsurpassed. Its cool air and pure water are just what are needed to bring back the glow of health to the faded cheek, and send the warm currents of life dancing through the system with youthful vigor." Its natural beauties and historic associations, together with the innumerable lesser attractions which cluster round about, serve to furnish visitors with so much entertainment and variety for either the robust or weakly ones, that ennui which eventually is felt at most resorts need not be experienced here. In Mackinac you eat with a new relish, and sleep like a child. You row, or ramble, scarcely able to keep your buoyancy within bounds. Dr. Mills, once post surgeon at Mackinac, says: "No better place can be found for sickly girls and puny boys, for worn out men and women, whether from overworked brain or muscle, or for those inclined to hypochondria. A change from the tiresome sameness of home scenes cannot fail to benefit all. From the hour of entering Lake Huron, your feelings will indicate that you have passed beyond the reign of miasma, fever, dyspepsia, blue devils and duns, and you look back upon the whole of them with gay indifference, or a feeling of good-natured contempt, as every turn of the steamer's wheel carries you farther into the temperate and genial climate of the lakes, and away from your perplexities. Under these influences real diseases may abate, and the imaginary ones be forgotten. In the celebrated white fish (classical name, *coregonus albus*, signifying food of the nymphs), is found a native whose acquaintance is liable to but one objection, that of destroying the taste for any other fish, and which, with the trout and potatoes of the island render all foreign delicacies superfluous. We would caution the gourmand, however, against an excessive use of trout, which are said to produce drowsiness, for those who visit Mackinac should be wide awake, lest some scene of interest should pass unobserved.

Besides the agreeable change of climate on reaching Mackinac, there is the new sensation to one who has not before enjoyed the novelty of an insular life, of having found an island retreat. To his jaded sensibilities all around him is fresh, a feeling of security comes over him, and when, from the rocky battlements of the fort, he looks down on the surrounding waters, they seem a bulwark of defense against the host of annoyances from which he has sought a refuge. Thus the curative state of mind begins to act on the body from the first moment, and this salutary mental excitement will not soon die away, for the historic associations, not less than the surrounding scenery, are well fitted to maintain it, and to make the invalid forget his ailments. Dr. Mann says, "A few whiffs of the air would make your lungs give a hygienic laugh. This air must have been left clear out of Eden, and did not get cursed. Children are crazy with animal spirits, and eat in such a way as to demonstrate the paradox that the quantity contained may be greater than the container." These extracts will no doubt meet with a hearty response from thousands who have visited Mackinac.

At watering-places generally, all the features of the surrounding scenery are soon familiarized to the eye, which then merely wanders over the commingled throngs of coquettes, dandies, dancers and idlers, and soon returns to inspect the real or fancied infirmities of its possessor. A visit to Mackinac reverses all this. The attractions of the surrounding region are of a different and more wholesome kind, and draw to them those who seek health and recreation, and offer a delightful hot weather asylum to all who need to escape from crowded cities or a sultry climate. Besides this, the voyage imparts a pleasing excitement to the faculty of observation, curiosity is stirred up to the highest pitch, and pleasantly gratified by the hourly unfolding of fresh scenes of nature, some new blending of land and water, a group of islands different from the last, or a shifting series of painted clouds seen in the kaleidoscope of heaven afford constant variety, while the frequent trips of the Detroit and Cleveland Steam Navigation Company's steamers enable you to return as soon as desired.

Constance Fennimore Woolson knew the charm of the place when she made it the scene of so many romances, among them being the novel "Anne," and the short sketches,

Themselves of the charming quiet, and the luxury of a delightful full night's rest.

Bird's Eye View of the famous Mackinac Region, showing the Water Routes to Petoskey, Sault Ste. Marie and Lake Superior, and the D., M. & M. R. R. to Marquette and Lake Superior.
 Map Straits of Mackinac.
 Good Fishing and Hunting.

This Night Line by water is a Short Cut between the Cities of Cleveland and Detroit.

Miss Woolson's writings have thrown a wierd witchery about Mackinac, and it has been to her a favorite spot for the locale of her romances. In answer to a letter asking for information, as to the number of times she had written of this place, Miss Woolson says: "I have often alluded to Mackinac in my sketches and stories. The second sketch I wrote (then beginning) was about Mackinac, it was called "Fairy Island," and was purely descriptive. There was, later, a short story of mine in the "Galaxy," called "Flower of the Snow," whose scene was Mackinac. But these were tentative merely. The first real description I gave of the island in print were two short stories, one called "The Old Agency," the other "Jeanette," both published in "Scribner's Magazines," now the "Century." Twice then, in my novel "Anne" the island appears again; it is the scene of the first quarter of that story."

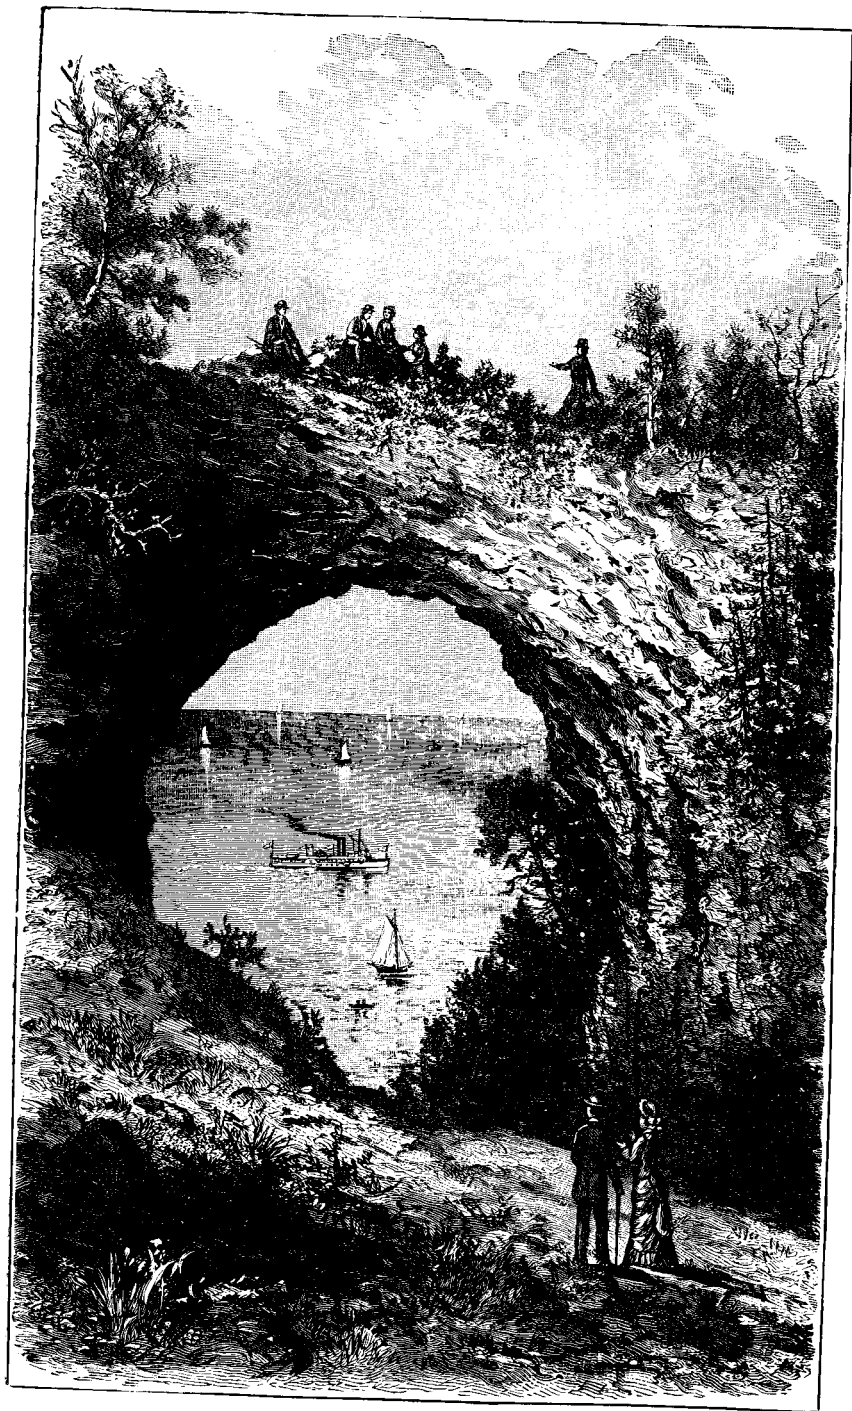

Indeed, Mackinac might well be the scene of romances yet unwritten, not only on account of its unique and beautiful situation, but because of its native inhabitants, in whose strongly marked characteristics there is yet unmined material for the book-makers. Here are to be found people who were born on the island, have seen their three score and ten, and never yet stepped foot upon the mainland, those who taught the Indians in the old days of the mission, and the fashionable lounge of to-day. It is full of contrasts and surprises, and has long been called the "Wonderful Isle" from the fascination it seems to hold for all who have ever lived on its shores. One of the most enthusiastic admirers of the place whom we ever met, is an old gentleman now living in Chicago, who was a resident of Mackinac in the old mission days. Since that time he has seen the vast west grow from a wilderness to a mighty empire; he has seen Chicago spring from a smaller post than Mackinac now is, to the proud proportions of the western metropolis; he has been a potent factor in its growth, but he has never lost his affection for Mackinac, nor his desire to visit it often. He could not be persuaded to part with a portion of the land which he owns there, were it not to share the happiness of its possession with others. The Island is as important from a sanitary point of view, as it is attractive and beautiful from the aesthetic.

Happily Disappointed.—Grandma's advice to lone females. An old lady from Cleveland relates her experience of a trip up the lakes, through the columns of the Leader.

"I may not be telling your readers anything new in relating some of the incidents of my trip to Mackinac, but there are too few Cleveland people who seem to have found out what an elegant place we have in this beautiful island to which we may flee for comfort and recreation. I must plead guilty to my own ignorance until unexpectedly, (for I had started Tuesday evening with the intention of going in a different direction), I found myself safely on board the steamer City of Detroit, together with two young lady friends, who had hardly recovered from the "set back" to our original plans. We had every attention from the officers of this magnificent steamer, and in the morning at 10 o'clock (Wednesday) we left Detroit, passing up the river with its beautiful scenery, across Lake St. Clair and through the canal into St. Clair river to Port Huron, where we launched out on the broad bosom of Lake Huron, and as there was nothing to be seen from the decks but unlimited green waters, on one hand, and a faint suggestion of land on the other, I gave some attention to the internal arrangements of the floating palace, on which it was our good fortune to find ourselves, and I have no apology to make for thus designating our good boat. It is no stretch of fancy, but a veritable fact, as your readers who have seen it will testify. There is nothing to be desired, or even remotely wished for, in the elegant appointments, and as regards the table, it is fully up to the standard of any first-class city hotel. As night comes on, we retire to the cozy state rooms; there is every inducement to enjoy a grateful rest and balmy sleep. Among my fellow voyagers were a party of over forty gentlemen and ladies, from Pittsburg, on a camping trip to Alpena, also a party of twenty or more young people from Bucyrus, O., intending to camp on the island. The grand old island is full of interest, but in our short stay only a hurried glance over the whole could be made. Our government has indeed chosen a lovely spot for a national park. Our three days' stay was soon over, and again the City of Mackinac steamed up to the dock, and we bade farewell to the island and soon found ourselves back in Cleveland. I hope that any lone females who may be at a loss where to go for a pleasant trip, will trust themselves to do likewise, and, in the care of Captain McKay and Steward Thorn, of the City of Mackinac, will derive as much pleasure as our little party, and in so doing, remember

GRANDMA."

It has been operated successfully for Thirty-Six years by the Det. & Cleve. St. Nav. Co.

Arch Rock, Mackinac Island.

The Charm of a Trip to Mackinac, and the benefits of Fresh Air begin to tell

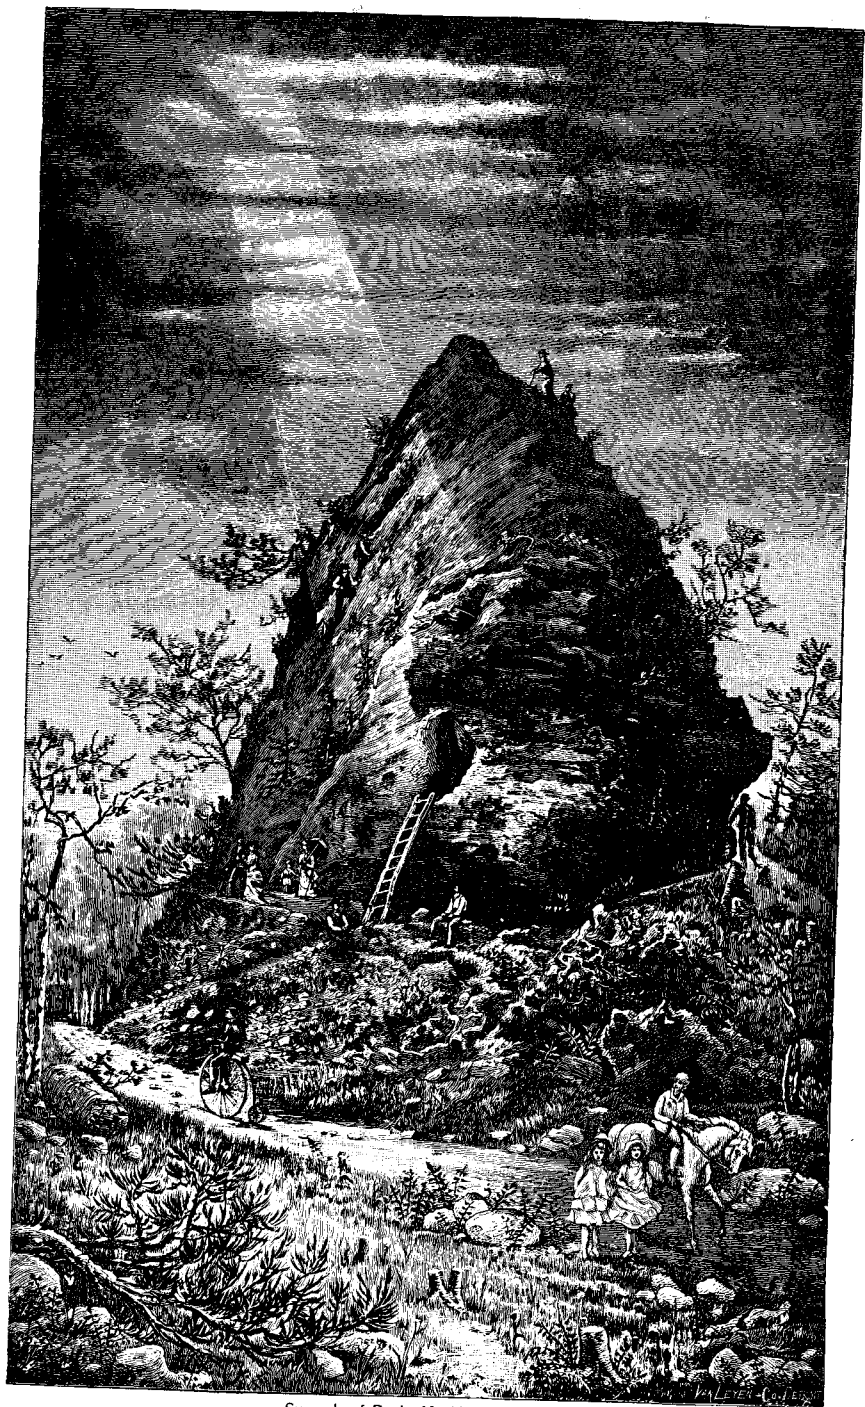

Notes from my Scrap Book.—"A straight trip to the Strait, where I pined for more pine," wrote the man of the 'Hoosier,' forced to retreat from the merciless rays of a hoosier sun, which cooked his brain and dulled his faculties. He thanked his lucky stars that he came via Detroit, that he was permitted such comfort as was afforded by the City of Mackinac. No dust, no noise, no rattle or jar, no cramping seats, and no brakeman calling stations in unintelligible Greek; only a smooth, yet perceptible gliding onward of a huge floating palace; his delight was unbounded. He finally solved the Mackinac resort problem, as did his hoosier friends who read the front page of his well written sheets. Another scribe from Hoosierdom, he of the 'Wasp,' followed closely with his head lines very black and well displayed and his piracy on Mackinac had its desired effect: 'MACK-IN-AWE, or the Wasp man talks a little about MACK- and how he came to be IN-AWE.' His talk was, about Mack's big reputation, Mack's historical scenes, the wonderful events which had taken place on Mack. His pen pictures of panoramic scenes were vivid, for illustrations he referred to 'Picturesque Mackinac,' and finally, becoming weary of so much sight seeing, retired to the cabins, and fell to studying the characteristics of others. He found the usual variety viz: the real or pretended family of wealth, who held themselves aloof and managed to have things a little better than others. There was the old man whose love for travel and feminine society had not yet abated; the commercial man, the solidest man on board, dreadful flow of spirits, led conversation, told great yarns, knew more * * luggage? reduced to the vanishing point, eat? tells people 'its a cold day when he gets left,' violates all laws, last to retire, never ill, he was there. So was the young man, hail-fellow-well-met, among the roughs on the lower deck, maintained his standing with the aristocracy in the cabin, great favorite, clothes for every occasion, chums with a fellow equipped as if going to a lawn tennis party, who talks in a loud and familiar way about the ins and outs of water travel, etc. There was the vulgar woman, who dresses up on Sunday, and the man who comes on deck with embroidered slippers, and, as usual, the one who by carelessness lost his baggage, flies at everybody and fails to describe the property, or explain the circumstances which will lead to its quick recovery."

This Island Summer Resort is made famous from the magnificence of its scenery, its historic and military associations and Indian legends, while its grand and massive rocks, its smooth beaches of glittering sands, washed by the waves of the great unsalted seas, afford never-ending objects of interest. There are natural drives to many historic spots which teem with story of Indian and British warfare. Among the scenes of beauty and grandeur are Lover's Leap, Arch Rock, Sugar Loaf, Devil's Kitchen, etc.; and from the summit of the Island the eye rests with pleasure upon the fairest expanse of forest, fort, village and wave. Living streams of pure, cold water gush from the rocky precipices, and to those desiring grand scenery, pure air, abundance of simple, health-giving pleasures, and with mind refreshed and body invigorated, to return to the daily pursuits of business life, with pleasant recollections of a summer well spent, the Island of Mackinac pre-eminently offers special inducements. The great Straits of Mackinac, attractive in themselves are dotted with islands, and stretch their glittering waters into the dim distance. Many short excursions to other interesting spots help to make one's stay delightful. The longer and most attractive of these is up the Soo river to Sault Ste. Marie, on the morning steamers. By taking the Detroit and Cleveland Steam Navigation Company's steamers from Cleveland, Tuesday or Thursday evenings, and from Detroit Wednesday or Friday mornings, passengers for Sault Ste. Marie have the advantage of a daylight trip through river St. Clair to Port Huron the first day, also over the picturesque portion of the route from Alpena to Mackinac Island the second day, a shorter or longer visit to the island as desired, then a daylight trip up Soo river, leaving the island at a seasonable hour in the morning. This is a pleasant combination not afforded by any other line. There is much to interest at Sault Ste. Marie; old Fort Brady, the famous ship canal, and shooting the rapids in an Indian canoe are exciting experiences. Steamers of both American and Canadian lines pass through this canal en route to Lake Superior, which afford a choice of routes, via either the north or south shore.

Through Tickets at excursion rates can be obtained at principal railroad ticket offices.

Stop Over privileges are granted at Detroit, also to visit the celebrated Mineral Spring and Oakland Hotel at St. Clair, (north bound only.)

On you as soon as the Palatial Steamers of the Det. & Cleve. St. Nay. Co. get under way.

Sugar Loaf Rock, Mackinac Island.

The beauties of our Northern Lakes which nearly surround the State of Michigan, and

These steamers stop at the island both ways, giving those who wish to return on the same trip, from four to six hours in which to view the curiosities and wonders, or, you can return by one of them every thirty-six hours. Tickets for transportation can be procured from any ticket agent. Round trip tickets are good for the season. The round trip occupies four and one-half days from Cleveland, or two and three-quarters days from Detroit. The few landings made en route are just sufficient to interest without being tedious. Some of your neighbors have certainly made this trip. Enquire about it.

The Cost from Cleveland—This item has received our thoughtful consideration, and is the least possible to insure complete comfort, tickets covering transportation being only \$4.50 one way, or \$7.00 round trip; (half fare for children between five and twelve years of age.) Meals are 50 cents each; the same for children over three years old; under that age 25 cents, and for the first table. The running time, Cleveland to Mackinac, includes five meals at 50 cents each, or \$2.50 each way. Some passengers bring their own lunch. An upper berth of single width is \$2.00, a lower berth of double width \$3.00. Each room will accommodate three persons, by two occupying the lower berth. Put the items together, say for

	Single Trip.	Round Trip.
Transportation	\$ 4 50	\$ 7 00
5 meals at 50 cents each.....	2 50	5 00
An upper berth for the trip.....	2 00	4 00

Three persons in one room add the.....		
transportation and meals only for the extra person..	\$ 7 00	\$ 12 00
Total cost, Cleveland to Mackinac.....	\$26 00	\$46 00 or \$15 34 each.

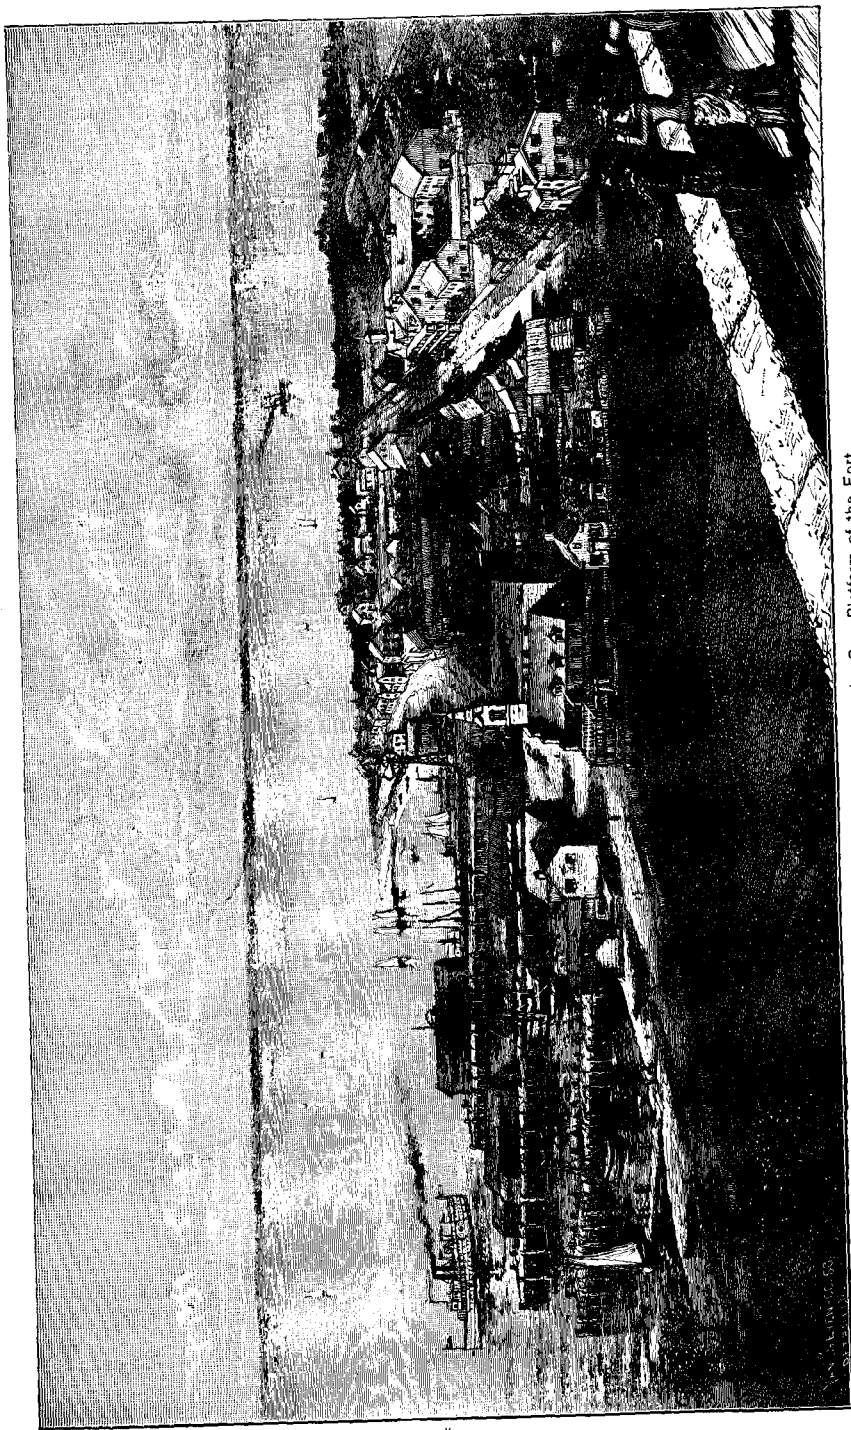

for three persons occupying but one room.....

This delightful trip by water of 940 miles in the round trip, occupies $4\frac{1}{2}$ days, costing only \$16.00 to \$18.00, or about \$3.75 per day. You cannot go anywhere and compass so much enjoyment and solid comfort by the way. By rail, you reach Mackinac a few hours earlier possibly, which is all that can be said in its favor, and is of the least consequence when seeking pleasure, rest and recreation. It is certainly hot and dusty, you are cramped for room, and the little strength you start with is likely to be used up, especially is this the case with ladies and children. A summer trip should be planned to get all the quiet and fresh air possible. Why do you leave home at all? Simply to reverse the excitement of business cares, the bustle, hurry and rush. Such complete relief is only found by taking a water trip, the scenery is varied and attractive, and there is ample time for a good look at every interesting object. One way by steamer would be better than all rail. The outside expenses by rail will pay the cost by water. Have you taken this view of the matter?

Steamers City of Cleveland and City of Detroit, which form the Lake Erie Division with a nightly service (Sundays excepted) leave Cleveland at 8.30 P. M., arrive at Detroit the following morning at 5.30 o'clock. Returning, leave Detroit at 10.00 P. M., arrive Cleveland 5.30 o'clock, standard time. The fare between the two cities is \$2.25 single trip, which is one-half of rail fare, or \$4.00 round trip. Upper berths are \$1.00, lower berths, \$1.50. Among the advanced steps taken by this Company is that of not including the cost of berths in the ticket fare, which happily disposes of the vexatious question, how to best care for the comfort of our patrons. Commercial travelers, usually confined to the hot, dusty, noisy rail car, avail themselves of the charming quiet, cool fresh air and the luxury of a full night's rest afforded by this night line by water.

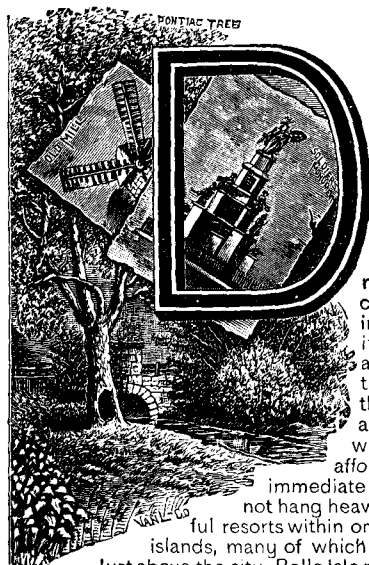

Passengers can time it to make close connections at Detroit with steamers City of Mackinac and City of Alpena, which form the Lake Huron Division, and leave every Wednesday and Friday mornings at 10 o'clock, Monday and Saturday nights at 10.00 o'clock for Mackinac and principal Lake Huron ports. The quickest trip and closest connection is made by taking Lake Erie steamers Tuesday or Thursday evening from Cleveland. Breakfast on board before reaching the Company's wharf.

The elegance and comfort of the Det. & Cle. St. Nav. Co's steamers are all without a rival.

Mackinac Village, as seen from the Gun Platform of the Fort.

The Detroit & Cleveland Steam Navigation Company have adopted the

DETROIT, with a population of 220,000, is the oldest city of the west, and the commercial metropolis of Michigan. It is essentially a manufacturing city, and its peculiar advantages will eventually render it the Birmingham of the Northwest. It challenges comparison as being the handsomest city in the Union. In addition to its acquired beauties, it is extravagantly favored by Nature. The dwellings are mostly detached, with plenty of intervening space, the broad streets and prevalence of shade trees give the place a village air, and contribute much to its attractiveness for residences. As a healthful city it is without a peer. The beautiful river, $\frac{1}{4}$ of a mile wide, affords the city a water front miles in extent, gives immediate escape from heat, dust and noise, and time need not hang heavy as there are a dozen popular, healthful and beautiful resorts within one to three hours' ride by steamer. There are eighteen islands, many of which are attractive for excursion parties and residences. Just above the city, Belle Isle park, containing 700 acres, is a favorite resort. Detroit is a complete and most desirable summer resort, combining all the requirements of a popular watering place, and the luxuries of a city home. The river is the pride of its residents, and the surprise and delight of tourists, who pronounce it the most beautiful stream in the world. Through it passes the vast tonnage of the lakes, which exceeds that of our foreign commerce. Our artist cleverly illustrates the character and activity of its shipping. Early settlers found on its shores homes more attractive than their wildest dreams had pictured.

The Cost from Detroit—Transportation is \$3.00 single, or \$5.00 round trip. The running time includes four meals at 50 cents, or \$2.00 each way. An upper berth of single width is \$1.00, a lower berth of double width is \$1.50 for the trip.

Put these items together, say for

	Single Trip.	Round Trip.
Transportation	\$ 3 00	\$ 5 00
4 meals at 50 cents each.....	2 00	4 00
An upper berth for the trip.....	1 00	2 00
Total with upper berth.....	\$ 6 00	\$ 11 00
Extra for a lower berth.....	50	1 00
Total with lower berth.....	\$ 6 50	\$ 12 00
Two persons in one room (\$6.00 and \$6.50).....	12 50	23 00 or \$11 50 each.
Three persons in one room, add transportation and meals only for the extra person.....	5 00	9 00
Total cost Detroit to Mackinac.....		
for three persons occupying but one room.....	\$ 17 50	\$32 00 or \$10 67 each.

A single individual desiring to occupy a room by himself, can arrange for it at an advance of the above prices. Meals and berths are arranged for exclusively by the company.

This delightful trip from Detroit to Mackinac by water, a distance of 740 miles in the round trip, occupying $2\frac{1}{2}$ days, costing only \$11.00 or \$12.00, or about \$4.00 per day, is within the reach of a large number who make a practice of leaving home for a short time during the summer months.

It is not expensive by steamer.

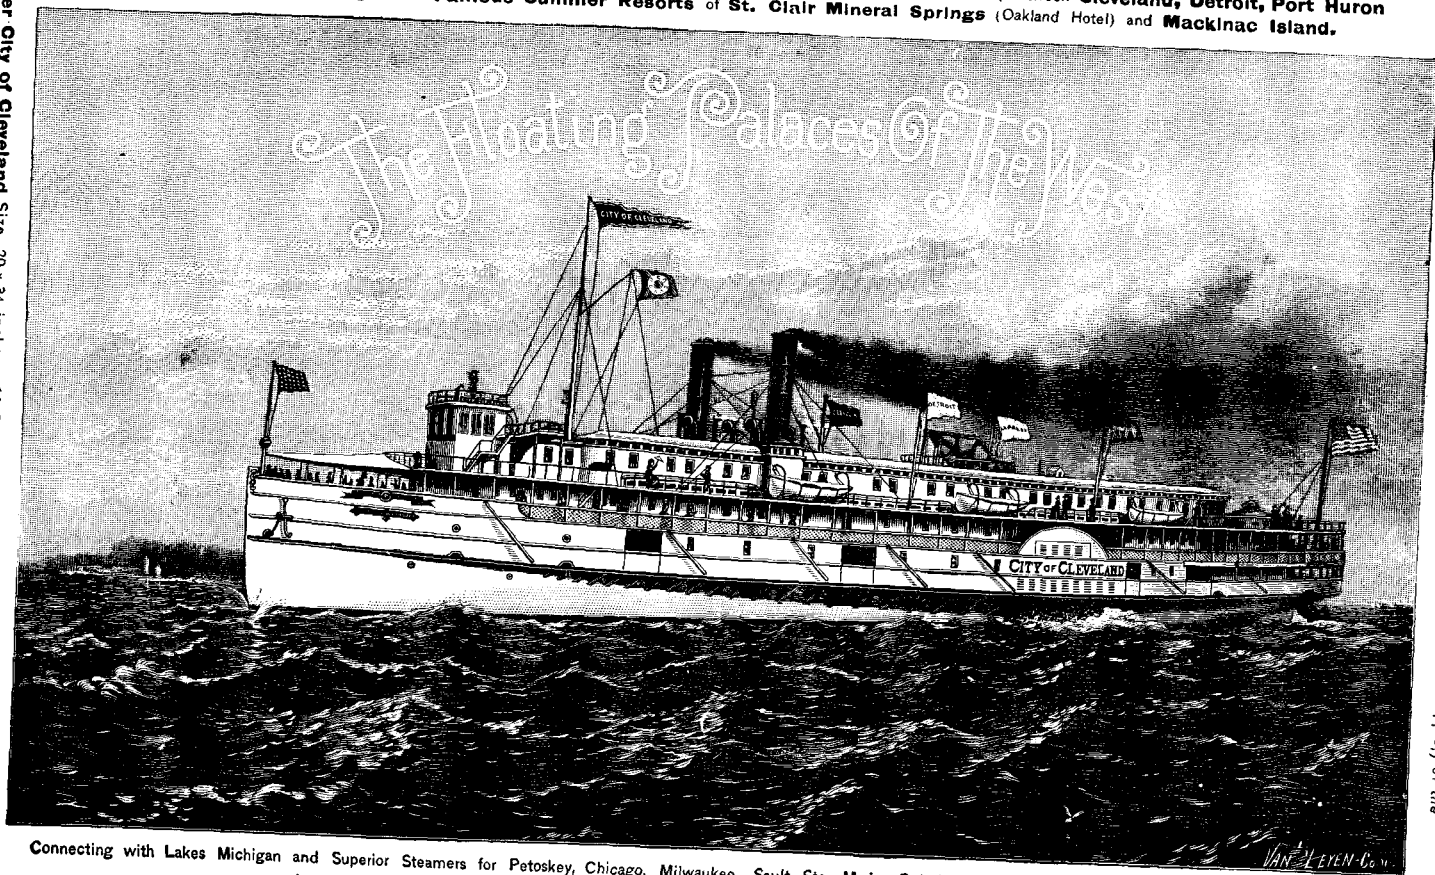

These steamers being side-wheelers and large, afford the utmost comfort.

Parties who intend taking the Wednesday or Friday morning steamer, and arrive in Detroit Tuesday or Thursday evening, will be accommodated with rooms for those nights without extra charge, if applied for early in the evening at the General Passenger Office.

Common sense plan of making Separate Charges for Meals and Berths.

By the completion of the **New Steel Steamer City of Cleveland** the Detroit and Cleveland Steam Navigation Company now offer **Commercial Travelers and Tourists** a fleet of four large side-wheel passenger steamers, which surpass in speed, elegance and comfort any past attempts in fresh water navigation. The meals which this Company furnish at fifty cents as an advertising feature can be duplicated at first-class hotels only, but at double the cost. These steamers run on Lakes Erie and Huron, between **Cleveland, Detroit, Port Huron** and **St. Ignace**, stopping at the **Famous Summer Resorts of St. Clair Mineral Springs** (Oakland Hotel) and **Mackinac Island**.

We have a limited number of Lithographs (Copies of an Oil Painting by Wm. P. E.) of the

SAGINAW.

The Publishers are indebted to the Fifth Annual Review of the Saginaw Board of Trade for the matter contained in this sketch.

THE oldest and perhaps most beautifully located city in the Saginaw Valley, is the City of Saginaw, the county seat of Saginaw County, located on the west bank of Saginaw river, 18 miles from Saginaw Bay. It embraces within its corporated limits an area of about eight square miles and is the oldest town on the river, having been established as a government post in 1819. The city is substantially built and has a population of 16,000. Well paved streets, handsome and substantial business blocks, elegant private residences, large lumber and salt manufacturing institutions, excellent church and educational facilities, and numerous small manufactories are its leading features. It is provided with the Holly Water Works system, gas works, and connected with the other Valley cities and the world outside by telephone, telegraph and railroad communication. Its business men are conservative, and build slowly but surely. It has the same benefits of water communication as the other river cities, being at the head of navigation. In 1850 it contained but six wholesale and retail stores, one saw mill, three hotels, three blacksmith shops, five carpenter shops, three boot and shoe shops, and two or three other retail establishments, and 536 population. Since that date it has steadily advanced. The capital of the city increased during the three years succeeding 1860 one hundred fold, its population doubled, brick stores, large manufacturing establishments and tasteful buildings were erected. In 1866 the population had increased to 5,426. During the past ten years it has advanced rapidly in all that pertains to advanced civilization, and its future is assured.

The year under review has been as moderately satisfactory as could have been expected when the general depression of the first eight months, coupled with the labor trouble, are fairly considered. The volume of manufactures, with the single exception of manufactured lumber, exceed those of the previous year, and in the matter of general trade the mercantile community can take a retrospective view without serious regrets. The remarks in reference to the trade features, which appear in the East Saginaw department have the same application here, the interests of the two cities in this respect being identical.

BANKING INTERESTS.

The city has two National and one private banking institutions. As to the latter no figures are at hand, but the statements of the National Banks at the close of business December 31, makes handsome exhibits:

FIRST NATIONAL.

	1885.	1884.
Capital stock.....	\$200,000
Surplus fund.....	75,000
Loans and discounts.....	\$517,009 94	\$464,286 57
Deposits.....	357,130 82	319,726 92

CITIZENS NATIONAL.

	1885.	1884.
Capital stock.....	\$100,000
Surplus fund.....	16,500
Loans and discounts.....	\$452,614 58	\$418,656 72
Deposits.....	432,996 74	410,478 60

The aggregate loans and discounts were \$969,624.52, and the aggregate deposits \$790,127.56.

The private banking house of George L. Burrows & Co. does a large business, having a fine line of customers.

PUBLIC SCHOOLS.

The public schools of Saginaw are a source of pride to her people, and in keeping with the substantial and progressive character of the city. There are seven buildings, and the erection of another in the Sixth Ward is well advanced; the expenditures upon school buildings during the year amounting to \$3,000.

The schools have an aggregate seating capacity of about 2,800 pupils. The following statistics illustrate the growth of the schools:

YEARS.	Census.	Total enrollment.	Average number belonging.
1873.....	2,474	1,422	1,060
1874.....	2,625	1,493	1,104
1875.....	2,795	1,518	1,115
1876.....	2,786	1,538	1,130
1877.....	2,825	1,564	1,148
1878.....	2,830	1,667	1,280
1879.....	2,735	1,615	1,177
1880.....	2,845	1,677	1,294
1881.....	3,248	1,776	1,394
1882.....	3,572	2,058	1,525
1883.....	3,422	2,178	1,573
1884.....	4,435	2,300	1,664
1885.....	4,361	2,359	4,680

The High School is recognized by the faculty of the State University as a preparatory department of that institution, and students graduating from it are admitted to classes in the University without re-examination at Ann Arbor.

The school library, consisting of over 5,000 volumes, well selected, is kept in the Central Building, and students are guided and encouraged in suitable courses of reading, while, in rooms of higher grades, all needed books of reference are supplied.

St. Andrews Academy and Educational Institution of St. Andrew's Catholic Parish is in charge of the Sisters of Providence. All the English branches are taught, and in addition instructions are given in music, painting, all kinds of fancy needle work and German and French, when desired. The graduates of the Academy are well fitted to fill an honorable and useful place in society. Private schools are also connected with the Lutheran and St. Paul (German) Church schools, and a Kindergarten under the auspices of the Teutonia Society.

CHURCHES.

The city is amply provided for in this respect, and substantial improvements to church property have been made during the past three years. St. John's Episcopal Society erected in 1884 a fine brick church at an expense of \$30,000. A new brick Presbyterian edifice costing \$42,000 was dedicated during the past year, and the M. E. Society have nearly completed a fine church building.

The value of church property approximates as follows :

Episcopal	\$ 40,000
Presbyterian.....	50,000
M. E. Church and parsonage.....	32,000
First Baptist Church, Washington street, and parsonage.....	12,000
Lutheran Church of Holy Cross, school and parsonage.....	30,000
St. Andrews Roman Catholic Church and St. Andrew's Academy	22,000
M. E. Ames Street Church.....	2,500
Zion Evangelical.....	3,000
St. Paul's Lutheran Church.....	20,000
Total.	\$211,500

RAILWAYS AND STREET RAILWAYS, ETC.

The Saginaw and Detroit & Bay City Divisions of the Michigan Central Railroad and the St. Louis Division of the Detroit, Lansing & Northern afford excellent connections with other points. The Flint & Pere Marquette has also a track extending along the river front some distance north and south of the Jackson, Lansing & Saginaw crossing, connecting with the various manufacturing industries.

The Saginaw Street Railway, connecting the city with East Saginaw, is two and one-half miles in length, has twelve switches, and is owned and operated in this city. The rolling stock consists of eleven cars. The company employs fifteen men and keeps from 35 to 40 horses in its barn, and 184 cars are run over the road daily. It is in all respects one of the best equipped and managed street railway lines in the West.

The city has the same benefits of water transportation enjoyed by other cities in the valley.

WATER WORKS, ETC.

The city is provided with the Holly system of water works. In 1884 a new pumping engine, with a capacity for pumping 4,800,000 gallons of water, was put into a building erected for the purpose and commenced operations January 1, 1885.

The following shows the number of gallons of water pumped and the coal burned during the year 1885 :

	Water, galls.	Coal, tons.
January.....	47,491,895	60
February.....	42,851,303	55
March.....	41,955,661	61
April.....	38,982,086	58
May.....	48,035,548	68
June.....	53,096,131	73
July.....	55,180,719	69
August.....	54,204,491	74
September.....	54,604,880	73
October.....	60,023,623	78
November.....	55,566,709	66
December.....	59,113,945	77
Total.....	611,106,991	812

MUNICIPAL MATTERS.

Saginaw's municipal affairs are conducted in a capable and conservative manner, economy in public expenditures being the guiding principle. The debt of the city is comparatively light and its credit excellent. The following figures of interest regarding municipal matters are submitted :

Amounts expended during 1885 for street improvements, including sewers.....	\$18,067 06
Contingent expenses.....	21,594 06
Poor department.....	6,567 47
Fire department.....	8,584 53
Water Works department.....	36,780 10
Principal and interest on bonded indebtedness.....	30,065 00

ASSESSED VALUATION.

The assessed valuation of property, real and personal, for a series of years is as herewith given :

1885.		1882.	
Real.....	\$3,721,250	Real.....	\$3,882,630
Personal.....	1,104,600	Personal.....	1,022,000
Total.....	<u>\$4,825,850</u>	Total.....	<u>\$4,404,630</u>
1884.		1881.	
Real.....	\$3,664,680	Real.....	\$3,288,590
Personal.....	1,068,200	Personal.....	940,100
Total.....	<u>\$4,732,880</u>	Total.....	<u>\$4,228,690</u>
1883.		1880.	
Real.....	\$3,507,620	Real.....	\$3,281,200
Personal.....	1,037,200	Personal.....	912,850
Total.....	<u>\$4,544,820</u>	Total.....	<u>\$4,194,050</u>

The city, county and state tax for 1885 was \$153,559.50, or three per cent. ; in 1884 it was \$128,013.11, or 2.55 per cent., and in 1883 \$118,585.56, or 2.51 per cent.

CITY IMPROVEMENTS.

During the year 1885, four and one-half miles of water pipe were laid.

Sewers were built as follows : 5,000 feet of 18 inch ; 3,200 feet of 20 inch, and 610 feet of 12 inch.

There was laid 459 rods of plank road and 10 miles of side-walks.

CITY PROPERTY.

The city has no city hall or city office buildings of its own. The aggregate value of its public property, including school houses, parks, bridge and water works building, is \$250,000. The county public property located here is worth \$200,000, including the Court house completed and erected by the city for the use of the county.

TELEPHONE AND TELEGRAPH.

The Bell Telephone Company have an exchange in this city connecting all points, the central office being open for

business day and night. During the year a large number of new subscribers were added, and the business is steadily increasing.

The Western Union Telegraph Company furnish communication with all points.

TITTABAWASSEE BOOM CO.

The office of the Tittabawassee Boom Company is located here, and the city derives great benefits therefrom. The company raft and deliver from 325,000,000 to 650,000,000 feet of logs every season, the output the past year being in round numbers 326,000,000 feet, the strike interfering with operations a period of nearly sixty days. About 500 men are employed, who received the past year \$100,000, and the provision account aggregated \$25,000.

VARIED MANUFACTURES.

The chief lumber and salt industries are included in the general review of the Saginaw river elsewhere in these pages. Aside from those there are a number of important manufacturing industries of a varied character, and the operations of the year were fairly satisfactory, though being subject to the same conditions that governed the entire Valley. The river front with the excellent rail and water facilities afford unsurpassed advantages for new manufactures of almost every description and every encouragement is extended to the investment of capital in this direction.

Among the important industries is the Saginaw Manufacturing Company, which produces wash boards, curtain rollers, measures, sugar boxes, barrel covers, and other cut wood articles. The company employs 300 men, boys and girls, and the average monthly pay roll is upwards of \$7,000. In 1885 there was shipped 360 car loads of dressed lumber and other products, and the lumber yard of Kimball & Merriam in connection, shipped 301 cars of lumber.

The A. W. Wright Lumber Company operate one of the largest planing mills and car lumber trade yards in the Valley, the mill having a daily capacity of 100,000 feet of dressed lumber. During 1885 the company employed an average of 83 men and shipped 1,194 car loads of lumber. They had in the yard at the close of the year 6,500,000 feet of lumber.

D. Hardin & Co.'s planing mill and sash, door and blind factory shipped 160 car loads of products during the year, employing 30 men. At the close of the year they had on hand 850,000 feet of lumber.

During the year 1885 Brand & Hardin bought 76,654 bushels of wheat from farmers, and shipped in by rail 25,971 bushels, making a total of 102,625 bushels. They manufac-

tured 22,000 barrels of flour, and sold 814 tons of bran and middlings. During 1884 they bought 53,635 bushels of wheat from farmers and shipped in 54,436, showing that in 1885 they bought 23,000 bushels more from farmers than in 1884.

The City Mills handled 33,000 bushels of wheat, manufactured 1,640 barrels of flour in addition to custom work, handled 12,500 bushels of corn, 7,500 bushels of oats, producing 600 tons of feed and meal.

The total grain receipts aside from wheat aggregated 500,000 bushels ; potatoes, 50,000 bushels ; hay, 1,000 tons.

IRON INDUSTRIES.

Extensive machine shops and foundries are operated by John L. Jackson and N. B. Kinzie. Boilers, engines, salt well and other machinery used in connection with the mills and manufactories of the Saginaw River is turned out in large quantities. An annual business of \$75,000 is done, and 150 men are given employment. Mr. Jackson is about to add to his establishment galvanizing works.

GAS LIGHT.

The Saginaw Gas Light Co. furnishes lighting for the streets, stores and other buildings of the city. The company has a plant of \$75,000, and the investment is a profitable one. During 1885 there were manufactured 7,174,000 cubic feet of gas, and 1,935,000 pounds of coal were consumed.

COAL.

The A. W. Wright Lumber Co.'s coal yard received 4,000 tons, and Remer Bros. 3,000 tons of coal.

BUILDING IMPROVEMENTS.

While perhaps not as satisfactory as might have been wished, operations in the building line were, taking into consideration the general status of trade, fully up to the average. During the year the beautiful and elegantly appointed court house, erected by the county at a cost of \$120,000, was completed and occupied. The First Presbyterian Church, costing \$42,000, was finished and dedicated. The Methodist Episcopal Church, built at a cost of \$20,000, will be dedicated in January. Schemm's bottling works, the residences of C. H. Davis, Dr. Fuerbringer, and other buildings were put up, at an aggregate cost of \$75,000, while minor improvements to business blocks and private residences will aggregate \$100,000. Several important improvements in the building line are contemplated.

GENERAL MERCANTILE TRADE.

During the year, the general mercantile trade of the city has been fairly good, and merchants and business men are

satisfied with the results achieved. There have been no failures of consequence, and the rating of mercantile firms is good. The largest operators are the Wells-Stone Mercantile Co., wholesale grocers and jobbers in lumbermen's supplies. The business of this firm aggregated \$1,500,000, and other grocery houses do a trade aggregating \$200,000. Some of the largest dry goods establishments in the State are located here, and a business of \$350,000 is annually done in this line. During 1885 a new concern, the Saginaw Dry Goods & Carpet Co., with a capital stock of \$50,000, was incorporated, and is now doing a large and lucrative business. Other branches of trade, millinery, drugs, stationery, confectionery, cigars, etc., were equally prosperous, and the year opened very encouragingly. The furniture business, to which more attention was paid last year than ever before, is now well established. During the year the firm of Foster, Charles & Co. was organized with a capital stock of \$12,000, and they, together with the other houses, do a trade aggregating \$200,000.

THE HARDWARE TRADE.

"An increase of from twenty to twenty-five per cent." is what hardware merchants report in comparing their business with 1884. The principal dealers in this branch of trade are D. H. Jerome & Co., A. W. Achard & Son, Biesterfeld Bros. and Solmes Bros. These firms do a business of about \$400,000 annually.

In furniture, liquors, cigars and miscellaneous lines, a business is done aggregating \$200,000. Total mercantile trade, \$3,100,000.

HOTELS.

Saginaw City has ample provision for its transient guests, having ten or twelve hotels and large boarding houses graded to meet the demands of all classes and conditions of men. The principal hotels are the Taylor, Bauman, Crowley, American, Kirby, Dunbar and City houses. In these public homes is invested a capital of \$75,000, and each is largely patronized.

R. L. POLK & CO.'S
SAGINAW DIRECTORY.

1886.

MISCELLANEOUS INFORMATION.

STREETS AND AVENUES.

- Adams, from Water northwest to city limits, first south of Court.
- Alexander, crosses Court, fourteenth northwest of Washington.

- Webster, from Almira southwest to Sherman, third northwest of Washington.
- Williams, from Saginaw river northwest to Charles, seventh south of Court.
- Woodbridge, from Houghton ave southwest to Cross Roads, ninth northwest of Washington.

WARD BOUNDARIES.

Saginaw is divided into six wards, bounded as follows:

- The First Ward embraces that portion of the city bounded on the west by a line extending from the north city limits midway between Ninth and Tenth streets south to Harrison, thence on Harrison to its intersection with Madison, on the south by Madison, and on the east by the Saginaw river.
- The Second Ward is bounded on the north and east by Court street, on the south and west by Mackinaw street, and extends from the Saginaw river to the northern city limits.
- The Third Ward embraces that portion of the city lying between Mickinaw street on the north and east, and Waller and Gratiot State road on the south, and extending from the Saginaw river west, and north to the corporation boundary.
- The Fourth Ward is bounded on the north and northeast by Gratiot State road and Waller street, on the east by the Saginaw river, and extends south and west to the corporation boundary.
- The Fifth Ward is bounded on the northeast by Madison street to a point near Houghton avenue, thence by Houghton avenue to Bay City State road, which forms the eastern boundary to North city limits; it is bounded on the southwest by Court street, and extends from the Saginaw river to the north corporation boundary.
- The Sixth Ward is bounded on the west by Bay City State road, on the east by a line extending from the north corporation boundary midway between Ninth and Tenth streets south to Harrison, on the south by Harrison and Madison streets, and on the north by the corporation boundary.

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. *Before signing an order, see that it has the name of R. L. POLK & CO. printed thereon.* We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.
